Don Hahn

Brain Storm Don Hahn, 2011-05-31 Whether you're writing a novel, painting with watercolors, composing a symphony, or baking peanut butter cookies, creativity plays a crucial role in achieving satisfaction and excellence. But, for many of us, accessing our creative core is difficult, if not impossible. Now, acclaimed film producer Don Hahn offers his own unorthodox, yet highly effective methods for reawakening the creative spirit.

The Palgrave Handbook of Sound Design and Music in Screen Media Liz Greene, Danijela Kulezic-Wilson, 2016-12-14 This book bridges the existing gap between film sound and film music studies by bringing together scholars from both disciplines who challenge the constraints of their subject areas by thinking about integrated approaches to the soundtrack. As the boundaries between scoring and sound design in contemporary cinema have become increasingly blurred, both film music and film sound studies have responded by expanding their range of topics and the scope of their analysis beyond those traditionally addressed. The running theme of the book is the disintegration of boundaries, which permeates discussions about industry, labour, technology, aesthetics and audiovisual spectatorship. The collaborative nature of screen media is addressed not only in scholarly chapters but also through interviews with key practitioners that include sound recordists, sound designers, composers, orchestrators and music supervisors who honed their skills on films, TV programmes, video games, commercials and music videos.

We All Giggled Thomas O. Hueglin, 2011-09-28 *We All Giggled* tells the stories of two families that came together when the author's parents met and married in 1945. The Hüglin's had lost most of their fortune in the course of two world wars, and the Wachendorff's had survived the Nazi years despite their Jewish ancestry. The families' roots are traced back to a vineyard in southern Germany, a jail in Geneva, the Conservatory in St. Petersburg, and the hometown of a Jewish merchant in Silesia. This engaging book centres on the author's recollections of his grandparents, his parents, and his own growing up in postwar Germany in an environment of bourgeois stability and comfort. As the author chronicles his family's ups and downs and abiding love for music, food, and art across several generations, a rich tapestry of anecdotes unfolds—about opera singers, restaurants, and travels, and about family relations, romance, and the kind of “impromptu reactions to people, places, and situations that often result in uncontrollable giggles.”
