Great Men?? Dr. Don C. Kean D.M.D.,2014-03-25 War does not determine who is right—only who is left. —Bertrand Russell What is it that truly makes a person great? This has been a question both throughout and for the ages. In modern society, greatness is often measured in terms of wealth, power, knowledge, and achievement. Wealth and power can be so fleeting in life and should never truly and totally define an individual's greatness. Educational achievement is an attainment and accumulation of knowledge, facts, theories, and career training. Education is good. It can be valuable, but it should only be considered as one of the many tools in the toolbox of life. There have been many great people throughout history who have gone on to achieve and perform great feats in their life with little to no education. Wealth, power, and education can all be used for good and or for evil. The history of man clearly bears this out.

Great Men Greatest Quotes - Quick, Short, Medium Or Long Quotes. Find the Perfect Great Men Quotations for All Occasions - Spicing Up Letters, Speeches, and Everyday Conversations. Ava Lester, 2016-02-17 This book is the outcome of an idea, and the idea is very simple. It is that the best way to understand the dramatic transformation any idea can bring and to successfully bring ideas across, is to think of them as profound insights and moments of clarity often disguised as wit, captured in one single Quote. Ideas and products and messages and behaviors spread faster when they carry your message in a single line or paragraph: a Quote. To feel the impact a Quote can have, here are three Great Men Quotes from this book: 'Great men are like eagles, and build their nest on some lofty solitude. - Arthur Schopenhauer' 'No great man lives in vain. The history of the world is but the biography of great men. - Thomas Carlyle' 'It does not take great men to do great things; it only takes consecrated men. - Phillips Brooks' Three characteristics-one, contagiousness; two, the fact that little words can have big effects; and three, that insight happens not gradually but at one dramatic moment, using the right profound words-are the same three principles that define how an idea takes off, or a product goes viral. Of the three, the third, profound, trait... is the most important, because it is the principle that makes sense of the first two and that permits the greatest insight into why some ideas stick, some changes last, some words leave an impression, and others don't. This book will give you the opportunity to find that right Quote that can change it all.
