

The Dust That Falls From Dreams

Rosina Ehmann

The Dust That Falls from Dreams Louis de Bernieres, 2015-08-04 From the acclaimed author of *Corelli's Mandolin*, here is a sumptuous, sweeping, powerfully moving new novel about a British family whose lives and loves are indelibly shaped by the horrors of World War I and the hopes for its aftermath. In the brief golden years of the Edwardian era the McCosh sisters—Christabel, Otilie, Rosie and Sophie—grow up in an idyllic household in the countryside south of London. On one side, their neighbors are the proper Pendennis family, recently arrived from Baltimore, whose close-in-age boys—Sidney, Albert and Ashbridge—shake their father's hand at breakfast and address him as "sir." On the other side is the Pitt family: a "resolutely French" mother, a former navy captain father, and two brothers, Archie and Daniel, who are clearly "going to grow up into a pair of daredevils and adventurers." In childhood this band is inseparable, but the days of careless camaraderie are brought to an abrupt halt by the outbreak of The Great War, in which everyone will play a part. All three Pendennis brothers fight in the hellish trenches at the front; Daniel Pitt becomes an ace fighter pilot with his daredevil tendencies intact; Rosie and Otilie McCosh volunteer in the hospitals, where women serve with as much passion and nearly as much hardship as the men at the front; Christabel McCosh becomes one of the squad of photographers sending "snaps" of their loved ones at home to the soldiers; and Sophie McCosh drives for the RAF in France. In the aftermath of the war, as "the universal joy and relief were beginning to be tempered by . . . an atmosphere of uncertainty," everyone must contend with the modern world that is slowly emerging from the ashes of the old. A wholly immersive novel about a particular time and place, *The Dust That Falls from Dreams* also illuminates the timeless ways in which men and women carry profound loss alongside indelible hope.

The Dust That Falls from Dreams Louis de Bernieres, 2016-07-26 A sweeping, immersive epic story of love and war set in England in the first half of the twentieth century. In the brief golden years of King Edward VII's reign, Rosie McCosh and her three sisters are growing up in an idyllic, eccentric household in the countryside, with their pals the Pitts boys on one side of the fence and the Pendennis boys on the other. But their days of childhood innocence and adventure are destined to be followed by the apocalypse of the First World War that will overwhelm them as they come to adulthood. For Rosie, the path ahead will be full of challenges. Torn between her love for two young men—one an infantry soldier and one a flying ace--she has to navigate her way through extraordinary times. Can she and her sisters build new lives out of both the egalitarian

opportunities and devastations that follow the war? This magnificent novel follows an unforgettable cast of characters as they strike out for what happiness can be salvaged from the ruins of the old world.

King of Morning, Queen of Day Ian McDonald,2019-04-05 Winner of the Philip K Dick Award Filled with wondrous language, marvelous events. — Science Fiction Chronicle In Ireland, three generations of young women fight to control the powers coursing through their blood: the power to bring the mystical Otherworld into our world, and change it. Emily, Jessica and Enye must each face their dark side of human mythoconsciousness-and their own personal histories. But the forces of faerie are ever treacherous... Filled with vivid, passionate characters you will never forget, King of Morning, Queen of Day is a spellbinding fantasy of the real Ireland. McDonald's power as a storyteller lies in his stylistic versatility and intensity of language as well as in his capacity to create vivid and memorable characters. The True Sage Osho,2023-06-17 THERE are religions – Hinduism, Christianity, Buddhism, Judaism – and many more. But they are religions, not THE religion. They are the reflections of the moon in many kinds of minds. They are not the real moon. The moon is one but it can be reflected in millions of lakes. Reflections differ, but the reflected is one. Mind is a mirror. When religion is reflected through the mind a Hinduism is born, or a Mohammedanism or a Judaism. When the religion is not a reflected one, when one comes face to face with reality without any mind whatsoever, when there is no mind between you and the truth, then there is born THE religion. Hassidism is THE religion. Sufism is THE religion. Zen is THE religion. They differ only in names; otherwise they are all the same. Their language is different but not their content. They all have looked at the moon, but they call it different names. Obviously, that is natural. But they have not been looking at the reflections. They don't believe in creeds, ideologies, scriptures, dogmas, doctrines. They know the truth, and when you know the truth there is no need of scriptures.

The Legend of Baraffo Moez Surani,2023-09-26 In Baraffo, a town gripped by revolutionary fervour, a boy named Mazzu grapples to understand the motivations of Babello, a man imprisoned for an act of arson. When Babello begins a hunger strike and another building is set ablaze, tensions mount among the citizens and Mazzu considers a risky solution. Within an extraordinary world, this sweeping and mythical story asks prescient questions about the nature of social change: is it better accelerated by those who seek total transformation or attained by those trying to work within the system?

The Vampire's Secret Elvira Lopez, 2024-10-31 The Vampire's Secret delves into the clandestine world of immortal beings, where ancient mysteries, hidden powers, and unexpected humor intertwine. Through a series of compelling vignettes, readers are introduced to a diverse cast, including Lucian, a venerable vampire plagued by a profound unease, and Jasper, a human comedian whose sharp wit unexpectedly uncovers supernatural truths. The collection explores the chilling reality of a werewolf's transformation under the moon, the dark machinations of criminal masterminds, and the intricate web of deceit woven by creatures of the night. From the gaslit streets of Paris to the shadowed depths of hidden lairs, each story illuminates the nuances of immortal existence, its inherent loneliness, and the constant dance between predator and prey. It's a journey through moonlit encounters and intellectual puzzles, revealing that even the most ancient and feared beings harbor vulnerabilities. Ultimately, this book unmask the true vampire's secret not just a hidden power or a weakness, but a pervasive, ancient fear that feeds on despair, a fear that can only be conquered by the most unexpected weapon: laughter, and the shared humanity found in the face of the unknown.

Tale of the Taconic Mountains Mike Romeling, 2013-02 Everyone had an agenda and it just seemed like coincidence--and of little consequence--that they happened to end up in the small town of Cedar Falls nestled at the base of Bakers Mountain, deep in the ancient Taconic Mountain range. Completely involved, even obsessed, with their own pursuits, it was hardly surprising the visitors would be unaware of older agendas both within the dying town and up in the forests and ridges of the mountain looming above. There was the discontented novelist fleeing his job and his family, hoping to regain his mojo with a young girlfriend and a new book; a mother in search of her long-estranged daughter, but finding first an unlikely romance with the proprietor who loved his failing bowling establishment like a child--at least when he wasn't making plans to burn it down for the insurance; a soap opera queen who thought she was stopping by for a simple PR gig for the PETA folks when the town was plagued by thousands of bats in search of a new home. Instead found herself revisiting Gretchen Foley,

the frightened disturbed child she had been before emerging as the famous Amber Steele. There were the two Native American friends who came to climb the mountain in search of the fabled quartz Spirit Stones of their Mohican ancestors, the young man who wanted to retrace the steps of his grandfather who once lived along the river that flowed through town. But instead he would come to grief and need to be carried down the mountain by the mysterious and seemingly ageless Boudine sisters who had led secluded lives high on the mountain as long as anyone could remember. Few knew where these strange women had their cabin, but the dying Randle Marsh did, and it was said that he visited the sisters often; was he trying to live on endlessly as dark rumors suggested the sisters did? The rustic Wayne Funt knew where they lived too, but he would leave them strictly alone until he and his dog Duke played a major role in the mayhem that broke out during the raging Christmas snowstorm that buried the town and the mountain. This collision of clashing agendas was presided over by a sheriff who did the best he could to navigate a safe landing for as many as he could who shared the wild ride on this memorable, often frightening year. And if the result could often be laced with humor and absurdity, it was always tempered--sometimes tragically--with what has always been true: sometimes, deep in the heart of the New England mountains, there are things going on, things both lighter than air and darker than starless night.
