Marketing cinematográfico Elena Neira, Rafael Linares, Joan Herbera, 2015-01-01 Detrás del estreno de una película, existe una cuidada estrategia en la que se llevan a cabo distintas acciones con un objetivo común: conseguir un buen debut en cines y, por extensión, un recorrido comercial óptimo en el resto de las ventanas de explotación. Este libro aborda la promoción de una película de manera global. El lector descubrirá, de la mano de sus autores, las principales herramientas y estrategias que la empresa audiovisual tiene a su disposición durante toda la cadena de generación de valor de un título: desde la idea creativa hasta el día de su proyección en salas. Por un lado se exponen los procesos, estrategias, materiales y medios que forman parte de una campaña de marketing cinematográfico para explicar, posicionar y promocionar un título entre los espectadores potenciales. En segundo lugar se abordan las técnicas que proporciona la investigación de mercado para definir productos más afines, dimensionar la película y conocer mejor el público objetivo (target) al que nos dirigimos. Por último se explican las posibilidades de promoción que ofrecen las redes sociales al sector del entretenimiento, especialmente en uno de los nichos de audiencia más esquivo: los jóvenes.

Financial Success for Young Adults and Recent Graduates Janet C. Arrowood,2006 There are numerous financial planning and money management handbooks, but few focus on the needs of young adults between 16 and 25 years of age. Colleges and some high schools are increasingly offering courses covering money management, but the materials are more focused on economics than the real world. Young people form a powerful group of consumers-who want what they want when they want it-but many have not been taught the value of planning and accumulation in order to reach their goals. Two of the most important aspects of good money management are the time-value of money and its associated compounding and the true concept of credit. **Financial Success for Young Adults and Recent Graduates** explains these issues at length, provides case studies, and also addresses: -Paying for college -Insurance -Retirement benefits -Savings and investment options - Obtaining and managing credit loans **Financial Success for Young Adults and Recent Graduates: Managing Money, Credit, and Your Future** is invaluable to students, parents, teachers, and financial advisors.
