Tod und Ritual in den christlichen Gemeinden der Antike Ulrich Volp, 2015-12-22 The development of Early Christian rituals in connection with death and burial has so far not sufficiently been explored. Volp's study focuses on the surviving literary sources—both pagan and Christian—, together with inscriptions and other archaeological remains while taking into account recent results from science and humanities. A summary of death and ritual in the ancient Mediterranean religions is followed by detailed analyses of the Christian sources from the 2nd to the 5th century. Thus, basic developments are being discovered which led to and accompanied the forming of Christian rituals, such as ritual purity or the social structure of family and society. Being the first such interdisciplinary approach, it also represents the first monographic work on the topic since 1941.

Paul on Marriage and Celibacy Will Deming, 2004 Paul is traditionally seen as one of the founders of Christian sexual asceticism. As early as the second century C.E., church leaders looked to him as a model for their lives of abstinence. But is this a correct reading of Paul? What exactly did Paul teach on the subjects of marriage and celibacy? Will Deming here answers these questions. By placing Paul's statements on marriage and celibacy against the backdrop of ancient Hellenistic society, Deming constructs a coherent picture of Paul's views. According to Deming, the conceptual world in which Paul lived and wrote had substantially vanished by 100 C.E., and terms like sin, body, sex, and holiness began to acquire moral implications quite unlike those Paul knew. Paul conceived of marriage as a social obligation that had the potential of distracting Christians from Christ. For him celibacy was the single life, free from such distraction, not a life of saintly denial.

Sex, in turn, was natural and not sinful, and sex within marriage was both proper and necessary. Superbly researched and reasoned, this book corrects misinterpretations of Paul and restores him to his proper place in the history of Christian thought on marriage and sexuality.
