**NOT THE MILKY WAY** Dr Ravpreet Singh, 2023-05-04 No, this book is not about our galaxy, in fact, it is about the galaxy of troubles Dairy has been causing, for humans, cows and the environment. Why do many people suffer from calcium deficiency even after having milk everyday, for years? Does it really have all the nutrients we think it has? Are all joint pains related to calcium deficiency? Why and when do you think humans started having milk in the first place? The misconceptions around the goodness of dairy have been meandering since ages. It is time we realize its adversity not only on cattle, but on human beings and our climate as a whole. This book answers almost every question about the bad effects of dairy, and how unhealthy it can be for you. About the Author Dr. Ravpreet Singh is a Homeopathic Doctor, based in Delhi, having more than 10 years of experience in clinical practice. He has been awarded an appreciation award three times by the govt. and also received the Corona Yodha Award in 2021. Have been treating thyroid, PCOS and diabetes successfully at the clinic.
