**New Approaches to Popular Romance Fiction** Sarah S.G. Frantz, Eric Murphy Selinger, 2014-01-10 Despite the prejudices of critics, popular romance fiction remains a complex, dynamic genre. It consistently maintains the largest market share in the American publishing industry, even as it welcomes new subgenres like queer and BDSM romance. Digital publishing originated in erotic romance, and savvy online communities have exploded myths about the genre's readership. Romance scholarship now reflects this diversity, transformed by interdisciplinary scrutiny, new critical approaches, and an

unprecedented international dialogue between authors, scholars, and fans. These eighteen essays investigate individual romance novels, authors, and websites, rethink the genre's history, and explore its interplay of convention and originality. By offering new twists in enduring debates, this collection inspires further inquiry into the emerging field of popular romance studies.

Blood Magick Nora Roberts, 2022-09-06 From #1 New York Times bestselling author Nora Roberts comes the final novel in a trilogy about the land we're drawn to, the family we learn to cherish, and the people we long to love... Book Three of The Cousins O'Dwyer Trilogy Blood Magick County Mayo is rich in the traditions of Ireland, legends that Branna O'Dwyer fully embraces in her life and in her work as the proprietor of The Dark Witch shop, which carries soaps, lotions, and candles for tourists, made with Branna's special touch. Branna's strength and selflessness hold together a close circle of friends and family—along with their horses and hawks and her beloved hound. But there's a single missing link in the chain of her life: love... She had it once—for a moment—with Finbar Burke, but a shared future is forbidden by history and blood. Which is why Fin has spent his life traveling the world to fill the abyss left in him by Branna, focusing on work rather than passion. Branna and Fin's relationship offers them both comfort and torment. And though they succumb to the heat between them, there can be no promises for tomorrow. A storm of shadows threatens everything that their circle holds dear. It will be Fin's power, loyalty, and heart that will make all the difference in an age-old battle between the bonds that hold their friends together and the evil that has haunted their families for centuries.
