John Norman

Tarnsman of Gor John Norman, 2011-12-21 Tarl Cabot has always believed himself to be a citizen of Earth. He has no inkling that his destiny is far greater than the small planet he has inhabited for the first twenty-odd years of his life. One frosty winter night in the New England woods, he finds himself transported to the planet of Gor, also known as Counter-Earth, where everything is dramatically different from anything he has ever experienced. It emerges that Tarl is to be trained as a Tarnsman, one of the most honored positions in the rigid, caste-bound Gorean society. He is disciplined by the best teachers and warriors that Gor has to offer...but to what end? This is the first installment of John Norman's wildly popular and controversial Gor series, which has sold millions of copies.

Swordsmen of Gor John Norman, 2014-04-01 On the brutal planet known as Counter Earth, an alien threat looms . . . Fresh from his exploits in the Steel Worlds, home of the Kurii, a savage alien race intent on conquering Gor, Tarl Cabot has been returned to an isolated beach, at coordinates apparently specified by the Priest-Kings, the masters of Gor and the enemy of the Kurii. His only companions are his beautiful new slave Cecily and Ramar, a ferocious sleen bred in the Steel Worlds to hunt and kill. But why has he been returned to such a remote spot? Did the Priest-Kings wish their former agent to serve them once more? Did the Kurii intend to use Cabot to further their own ends? The truth, as Tarl will learn, is darker and deeper than either of these possibilities. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Swordsmen of Gor* is the 29th book in the Gorean Saga, but you may enjoy reading the series in any order.

Plunder of Gor John Norman, 2016-08-30 Explore the counterearth of Gor—where men enslave women and science fiction and fantasy combine—in the latest installment of the long-running Gorean Saga. A mysterious package lies unclaimed somewhere in the great port of Brundisium, and it is rumored that its contents could determine the fate of a world. Whether or not that is true, one thing is certain: Men and beasts will kill to claim it. Meanwhile, a young woman, now merchandise, has been brought to the slave markets of Gor after displeasing a stranger in her secretarial job back on Earth. Unbeknownst to her, she holds the key to finding the elusive package—and changing the course of history forever. Inspired by works like Edgar Rice Burroughs's John Carter of Mars novels and Robert E. Howard's *Almuric*, this adventure series—alternatively referred to by several names including the *Chronicles of Counter-Earth* or the *Saga of Tarl Cabot*—has earned a devoted

following for its richly detailed world building, erotic themes, and mash-up of science fiction, fantasy, history, and philosophy. Plunder of Gor is the 34th book in the Gorean Saga, but you may enjoy reading the series in any order.

Smugglers of Gor John Norman,2014-04-01 In what constitutes a prequel to *Mariners of Gor*, we learn that a mysterious cargo, suitably disguised, was covertly placed on the great ship, a cargo that might influence the outcome of the aforementioned gamble. One narrator is a young woman, once a Miss Margaret Alyssa Cameron, and the other is an individual whose name, for reasons that will become obvious, is withheld in the manuscript. It does seem clear, however, that the individual referred to was somehow instrumental in bringing the former Miss Cameron to the height of a large slave block in the coastal city of Brundisium, one of Gor's major ports. Rediscover this brilliantly imagined world where men are masters and women live to serve their every desire. *Smugglers of Gor* is the 32nd book in the Gorean Saga, but you may enjoy reading the series in any order.

Intermedia Games—Games Inter Media Michael Fuchs,Jeff Thoss,2019-02-21 This book is available as open access through the Bloomsbury Open Access programme and is available on www.bloomsburycollections.com While all media are part of intermedial networks, video games are often at the nexus of that network. They not only employ cinematics, embedded books, and in-world television screens for various purposes, but, in our convergence culture, video games also

play a vital role in allowing players to explore transmedia storyworlds. At the same time, video games are frequently thematized and remediated in film, television, and literature. Indeed, the central role video games assume in intermedial networks provides testament to their significance in the contemporary media environment. In this volume, an international group of contributors discuss not only intermedial phenomena in video games, but also the intermedial networks surrounding them. Intermedia Games-Games Inter Media will deepen readers' understanding of the convergence culture of the early twenty-first century and video games' role in it.
