1,000 Books to Read Before You Die James Mustich, 2018-10-02 “The ultimate literary bucket list.” —THE WASHINGTON POST Celebrate the pleasure of reading and the thrill of discovering new titles in an extraordinary book that’s as compulsively readable, entertaining, surprising, and enlightening as the 1,000-plus titles it recommends. Covering fiction, poetry, science and science fiction, memoir, travel writing, biography, children’s books, history, and more, 1,000 Books to Read Before You Die ranges across cultures and through time to offer an eclectic collection of works that each deserve to come with the recommendation, You have to read this. But it’s not a proscriptive list of the “great works”—rather, it’s a celebration of the glorious mosaic that is our literary heritage. Flip it open to any page and be transfixed by a fresh take on a very favorite book. Or come across a title you always meant to read and never got around to. Or, like browsing in the best kind of bookshop, stumble on a completely unknown author and work, and feel that tingle of discovery. There are classics, of course, and unexpected treasures, too. Lists to help pick and choose, like *Offbeat Escapes*, or *A Long Climb, but What a View*. And its alphabetical arrangement by author assures that surprises await on almost every turn of the page, with Cormac McCarthy and *The Road* next to Robert McCloskey and *Make Way for Ducklings*, Alice Walker next to Izaak Walton. There are nuts and bolts, too—best editions to read, other books by the author, “if you like this, you’ll like that” recommendations, and an interesting endnote of adaptations where appropriate. Add it all up, and in fact there are more than six thousand titles by nearly four thousand authors mentioned—a life-changing list for a lifetime of reading. “948 pages later, you still want more!” —THE WASHINGTON POST

75 Books You Must Read Before You Die Joe Rose, 2021-01-27 Stuck for something to read next? *75 Books You Must Read Before You Die* might be able to help and includes reviews and thoughts on an eclectic range of suggested books to read by a diverse range of authors. The Something and Nothing of Death Will Parfitt,2008-03-01 Death is ever present throughout life and the more we learn to face this fact the more death becomes a friend and ally, a wise advisor who encourages us to live life more fully. To make a relationship with death is to make a commitment to self-evolution and growth. To face death confers inner strength for it brings us more authentically into the moment, into the fullness of our lives; in other words, it brings us closer to freedom. Living wisely is to prepare for dying well, not for some promise of what will happen after death but because living wisely brings its own merit
