Becoming a Choral Music Teacher Patrice Madura Ward-Steinman, 2010-04-26 This textbook prepares Music Education and Choral Conducting majors to be effective middle school and high school choral music teachers. It fully integrates the choral field experience for hands-on learning and reflection and allows the student to observe and teach the book's principles. It covers the essentials of vocal development, auditions, literature, rehearsals, classroom management, and practical matters.

Television Variety Shows David M. Inman, 2014-12-03 For the few hundred television viewers in 1946, a special treat on the broadcast schedule was the variety show called Hour Glass. It was the first TV program to go beyond talking heads, cooking demonstrations, and sporting events, featuring instead dancers, comics, singers, and long commercials for its sponsor, Chase and Sanborn coffee. Within two years, another variety show, Texaco Star Theatre, became the first true television hit and would be credited with the sales of thousands of television sets. The variety show formula was a staple of television in its first 30 years, in part because it lent itself to a medium where everything had to be live and preferably inside a studio. Most of the early television stars--including Jackie Gleason, Milton Berle, Sid Caesar, Ed Sullivan, Red Skelton, Dinah Shore, and Arthur Godfrey--rose to prominence through weekly variety shows. In the 1960s, major stars such as Jerry Lewis, Dean Martin, Judy Garland and Danny Kaye were hosting variety shows. By the 1970s, the format was giving way to sitcoms and dramas, but pop music stars Sonny and Cher, Tony Orlando and Dawn, and Donny and Marie Osmond hosted some of the last of the species. This book details 57 variety shows from the 1940s through the 1990s. A history of each show is first provided, followed by a brief look at each episode. Air date, guest stars, sketches performed, and a listing of songs featured are included.

Inside the Workplace Barbara Kersley, Carmen Alpin, John Forth, Alex Bryson, Helen Bewley, Gill Dix, Sarah Oxenbridge, 2013-04-15 Based on the primary analysis of the 2004 Workplace Employment Relations Survey (WERS 2004),

this is the fifth book in the series which began in 1980, and which is considered to be one of the most authoritative sources of information on employment relations in Great Britain. Interviews were conducted with managers and employee representatives in over 3,000 workplaces, and over 20,000 employees returned a self-completion questionnaire. This survey links the views from these three parties, providing a truly integrated picture of employment relations. This book provides a descriptive mapping of employment relations, examining the principal features of the structures, practices and outcomes of workplace employment relations. The reader can explore differences according to the characteristics of the workplace and organization, including workplace size, industrial sector and ownership. Current debates are examined in detail, including an assessment of the impact of the Labour Government's programme of employment relations reform. A key reference from a respected and important institution, this book is a valuable 'sourcebook' for students, academics and practitioners in the fields of employee relations, human resource management, organizational behaviour and sociology.
