Diccionario tecnológico inglés-español y español-inglés de los términos y frases usados en las ciencias aplicadas Néstor Ponce de León, 1904

Ronograph Series: Spanish and English commercial vocabulary , 1920

Spanish-English Dictionary of Law and Business Thomas L. West, 1999 This new dictionary provides a ready reference to essential terms and phrases used in all areas of law and business, including accounting, banking, civil law, civil procedure, contracts, corporate law, criminal law, criminal procedure, economics, intellectual property, labor law, real property, secured transactions, securities law, and torts. Written by an American attorney who is also an accredited translator, it provides complete coverage of terminology used in all Spanish-speaking countries, not just those countries where the other bilingual dictionaries on the market were written (i.e., Spain and Argentina). Accordingly, it is the only source for translations of terms that are unique to countries such as Colombia, Peru and Venezuela. The dictionary was thoroughly researched using original documents and monolingual dictionaries from the Spanish-speaking various countries and is thus authoritative and up-to-date. No lawyer or translator who works with Spanish legal and business documents can afford to be without it.

A Phraseological Dictionary of Commercial Correspondence in the English, German, French & Spanish Languages Charles Scholl, 1886

Diccionario Jurídico Inglés-español Y Español-inglés Wiley Steven M. Kaplan, Antonio Escudero Viera, 1993 In today's global village, nearly 450 million people speak English while another 350 million speak Spanish. The United States alone, with its more than 22 million Hispanic Americans, is now considered by many to be a bilingual society. As the practice of law and the resolution of legal issues, to a great extent, is all about precise communication, the impact of this on legal and business professionals is obvious - Spanish/English, English/Spanish translations are fast becoming an indispensable component of any thriving law practice or business, be it a small company or a multinational corporation. Translations are now routinely required for trials, contracts, real estate and financial transactions, and in many other situations. Clearly then,

the need for a comprehensive bilingual reference such as this one has never been greater. Wiley's English/Spanish and Spanish/English Legal Dictionary offers comprehensive, up-to-date coverage of more than 40,000 essential words and phrases spanning all legal disciplines and subdisciplines including construction, real estate, insurance, business, trial, environmental law, intellectual property, family law, and more. It was written by a professional translator in collaboration with an advisory committee comprising attorneys from some of the most prominent firms in the international legal community. Featuring an extremely user-friendly format, the Dictionary was designed for quick reference. It directs you instantly to the precise equivalent you need without first rerouting you through a maze of other irrelevant terms and phrases. Gender neutral equivalents are provided, and in cases where the nongender neutral term is the norm, both are given. Wiley's English/Spanish and Spanish/English Legal Dictionary puts all important English and Spanish legal terms at the fingertips of attorneys, businesspeople, paralegals, and law students. It belongs on the shelves of law firms, libraries, businesses, and international agencies. It is also an essential communications tool for translators, interpreters, and civil servants.
