

Dyson Against The Odds

Grace Lees-Maffei

Against the Odds James Dyson, 1998 How an English inventor, against all the odds, took on all the multinationals and revolutionised housekeeping - and became a millionaire at the same time.

Innovators David W. Galenson, 2025-01-21 Some innovators are luminous shooting stars--think Pablo Picasso, Albert Einstein, Sylvia Plath, Bob Dylan, Steve Jobs--who make bold leaps early and suddenly, then lose their creativity. Others are late bloomers--Paul Cezanne, Charles Darwin, Virginia Woolf, Alfred Hitchcock, Warren Buffett--who show little early promise, but spend long periods doggedly pursuing distant goals, and attain greatness in old age. By analyzing the careers of scores of great innovators, this book reveals systematic differences in the motivations and methods of these two types, and their very different patterns of creativity over the life cycle. The result is a new and deeper unified understanding of the sources of human creativity.

Iconic Designs Grace Lees-Maffei, 2020-01-23 *Iconic Designs* is a beautifully designed and illustrated guide to fifty classic 'things' - designs that we find in the city, in our homes and offices, on page and screen, and in our everyday lives. In her introduction, Grace Lees-Maffei explores the idea of iconicity and what makes a design 'iconic', and fifty essays by leading design and cultural critics address the development of each iconic 'thing', its innovative and unique qualities, and its journey to classic status. Subjects range from the late 19th century to the present day, and include the Sydney Opera House, the Post-It Note, Coco Chanel's classic suit, the Sony Walkman™, Hello Kitty™, Helvetica, the Ford Model T, Harry Beck's diagrammatic map of the London Underground and the Apple iMac G3. This handsome volume provides a treasure trove of 'stories' that will shed new light on the iconic designs that we use without thinking, aspire to possess, love or hate (or love to hate) and which form part of the fabric of our everyday lives.
