Biography of Jodi Picoult (Best-selling Author and Writer of Sing You Home and Lone Wolf) Laura Malfere,2012-02-29 ABOUT THE BOOK Jodi Picoult's career began with the DC Comics Wonder Woman series, and she has since become one of the world's best known authors. Her first novel, *Nineteen Minutes*, shot to the number one position on the New York Times Bestsellers List when it was published in 2007, paving the way for the impressive body of work that has followed. Picoult was born in Nesconset, Long Island, to two non-practising Jewish parents. Even at a very young age, Picoult demonstrated her love for writing and wrote a story titled *The Lobster Which Misunderstood*. Aged thirteen years old, she moves from Nesconset to New Hampshire and continued to demonstrate her love for writing throughout her high school years. EXCERPT FROM THE BOOK Picoult requested that straps be added to Wonder Woman's bustier, but her suggestion was politely turned down. Picoult then took a different angle to strengthening the character; she chose to endow her with a little more intelligence, and created stories that allowed Wonder Woman to rescue the guys, rather than being helped by them. When she left DC Comics, Picoult felt as though Wonder Woman was . . . headed in the right direction." Picoult's literary successes in novels appeared to dwindle for around a decade after she gave birth, but this was only due to her change in approach to the characters she wanted to represent. Picoult described herself as taking a more maternalistic and empathetic approach to those she wanted to write about, and it was from this point that she began researching her books intricately. Picoult's first heartbreaking novel, *Nineteen Minutes*, tells the story of a child who goes on a nineteen minute rampage with a hand gun, killing his classmates. It was a brave and poignant attempt at capturing the hearts of America, as it reflected events that are rarely, but still too often, broadcast across news channels... Buy a copy to keep reading!

My Sister's Keeper? Justyna Fife,1993

"Yes We Can" Wolfgang Mieder,2009 As President Barack Obama outlined his promise for change during the presidential campaign, he made effective use of proverbs and proverbial phrases, and invented many quotable epithets that have all the makings of future proverbs. This book examines how Obama's natural and authentic reliance on traditional

metaphors enhances his impressive rhetoric, rather than reducing it to mere sound bites. Proverbs, with their often colorful metaphors, add expressiveness and emotion to his communications, giving people the opportunity to follow his pragmatic or philosophical arguments through common language. No matter the subject, Obama's prose contains metaphorical language that makes his rhetoric and oratory universally accessible. This book contains detailed analyses of the proverbial rhetoric in Obama's books *Dreams from My Father* (1995) and *The Audacity of Hope* (2006). A section looks at his proverbial language in 229 speeches, news conferences, interviews, and radio addresses, and the final section presents in-depth studies of his seven most significant addresses. It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama's political beginnings to his memorable inaugural address.

My Sister's Keeper Jodi Picoult, 2009-05 Now a major film. Sara Fitzgerald's daughter Kate is just two years old when she

is diagnosed with a rare form of leukaemia. Reeling with the helpless shock of it, Sara knows she will do anything - whatever it takes - to save her child. Then the tests results come back time and again to show that no one in their family is a match for Kate. If they are to find a donor for the crucial bone marrow transplant she needs, there is only one option: creating another baby, specifically designed to save her sister. For Sara, it seems the ideal solution. Not only does Kate live, but she gets a beautiful new daughter, Anna, too. Until the moment Anna hands Sara the papers that will rock her whole world. Because, aged thirteen, Anna has decided that she doesn't want to help Kate live any more. She is suing her parents for the rights to her own body.

My Sister's Keeper Jodi Picoult,2008-03 'A major decision about me is being made, and no one's bothered to ask the one person who most deserves it to speak her opinion.' The only reason Anna was born was to donate her cord blood cells to her older sister. And though Anna is not sick, she might as well be. By age thirteen, she has undergone countless surgeries, transfusions, and shots so that her sister, Kate, can somehow fight the leukemia that has plagued her since she was a child. Anna was born for this purpose, her parents tell her, which is why they love her even more. But now that she has reached an age of physical awareness, she can't help but long for control over her own body and respite from the constant flow of her own blood seeping into her sister's veins. And so she makes a decision that for most would be too difficult to bear, at any time and at any age. She decides to sue her parents for the rights to her own body.
