**Putnam's Complete Book of Quotations, Proverbs and Household Words** Sir William Gurney Benham,1929

Baseball's Greatest Quotations Paul Dickson,2024-01-17 Baseball has always had its share of colorful characters, and over the years they have expressed themselves in eminently quotable ways. In this treasury of more than 5,000 quotations, noted baseball writer and observer Paul Dickson has captured the flavor of the game, in the words of its most important participants and onlookers. They are all here—from Aaron (Estella, Hank's mother) to Zoldack (Sad Sack Sam), and everyone in between. From the players, sportswriters, and politicians, to noted personalities in other fields (a very diverse group), everyone has his or her say on our nation's pastime. Dickson skillfully selects and annotates each remark, presenting the good, the bad, and the ugly of baseball lore. Included are extended lessons in Stengelese, Reggiespeak, Earl Weaverisms, and famous announcers' home run calls (who can forget Mel Allen's classic Going, going, gone!?). These and thousands of other cheerful, pithy, and memorable voices from the past through the present day are all captured in Baseball's Greatest Quotations.

**Steven Spielberg's Children** Linda Ruth Williams,2025-08-12 Why has Steven Spielberg's work been so often identified with childhood and children? How does the director elicit such complex performances from his young actors? Steven Spielberg's Children is the first book to investigate children, childhood, and Spielberg's employment of child actors together and in depth. Through a series of lively readings of both the celebrated performances he elicits from his young stars in films such as E.T.: The Extra Terrestrial, A.I.: Artificial Intelligence, and Empire of the Sun, as well as less discussed roles in films such as War of the Worlds, The BFG, and Jurassic Park, this book shows children to be key players in the director's articulation of childhood since the 1970s. Steven Spielberg's Children presents children and childhood in some surprising ways, not only analyzing boyhood and girlhood according to Spielberg, but considering children as alien, adult-children who refuse to grow up, and children who aren't even human. It discusses the way in which children have served to cast Spielberg as a sentimentalist, but also how they are more frequently framed as complex, cruel, and canny. The child might be dangled as bait in an exploitation horror scenario (Jaws), might become the image of universal higher beings (Close Encounters of the Third Kind), or might be a young cultural creator like the director was himself (The Fabelmans), born with a camera glued to [his] eye. The child, on both sides of the camera, is a resonant image, signifying all that adult culture wants it to be, yet resisting this through authorship of their own stories. The book also looks at Spielberg's young actors in the long history of child stars in theater and cinema, and how Spielberg's children have fared as performers and celebrities.
