The Wisdom of Aramis Elia Pekica Pagon,2018-12-12 The new book of essays by poet and publicist Elia Pekica Pagon titled *The Wisdom of Aramis* talks about real-life treasures as opposed to false ones. It emphasizes all that really matters in life through simple truths from our everyday lives. *The Wisdom of Aramis* provides us with profound messages drawn from the lessons we can learn from our best friends and most devoted companions, our furry angels. It is a book dedicated to the author's beloved pug, Aramis Giving of Good, who will always stay in her heart and who will fill the hearts of the readers with such a great sentiment of love, peace, tolerance, and compassion. The book talks about the joy of unconditional love, about deep compassion and inner peace, about the importance of acceptance and sincere kindness, about the magic of patience and miraculous coincidences. The book gives us the chance to discover a better world and a better version of ourselves through our self-awareness through which we can truly get to know ourselves, find our place in this world and beyond, and live in perfect harmony with nature and the entire universe. There is so much to learn from our pets. Everything we love about them is what we miss most in our lives, and that is true friendship—a pair of sincere eyes, a face without a social mask, someone to be here for us when no one else is, someone to understand us and love us unconditionally. We enjoy their company because they help us be who we really are, and they teach us how to enjoy our lives and this world in such a lovely way. Our beloved companions help us find our inner peace, and that's exactly how we can establish universal peace—by bringing peace into our lives.

Self Actualization: Maslow Self Actualization Matthew O.N, I recommended inspired action and auto suggestion practice instead of hard work and unmotivated actives. First question when you get up every morning will be what I feel inspired to do today. If you are not inspired to any action, you might even go for a walk. Most of the time you get inspired is when you

are not thinking about any particular thing, (quite time) ideas and auto suggestions hit you like a bullet. This book will teach you the art of self-analyze, self- empowerment, trust, confidence, and happiness. To set an intention for your day and then an affirmation and then to tap away any resistance you feel. You can scientifically measure you feelings before and after your expanding, keep on expanding until you have the desired feelings in your body. I choose that my day be filled with wonders, surprises, excitement and delight. I choose that today and everyday people and power of nature bring good news and lots of money drop into my business and bank accounts. I choose to take inspired action and to take life light and easy. I choose to co-create with the Universe and to trust, allow and receive. I choose to allow abundance to appear in my life with ease and grace.
