**The Immeasurable Man** Wes Payton,2024-05-08 The Immeasurable Man is a sci-fi/speculative fiction story about celebrity, cryptocurrency, artificial intelligence, and the way we perceive reality, but at its core it's about a lonely individual who wants nothing more than to connect with someone. Due to a severe immunocompromised condition, IM lives a solitary life, only interfacing with the outside world through his computer screen. All he knows of human interaction is what he's seen in movies and on television, but when his tech-savvy older brother offers him a chance to have a life beyond his domicile, IM thinks his dream has finally come true. Little does he know that life on the outside is much more complicated than what he's been led to believe.
