**David Wong, Jason Pargin**

*Zoey Punches the Future in the Dick* David Wong, 2021-10-05 THE NATIONAL BESTSELLER New York Times bestselling author David Wong's *Zoey Punches the Future in the Dick* is the latest—and arguably greatest—sci-fi thriller in the Zoey Ashe Series. In the futuristic city of Tabula Rasa, Zoey Ashe is like a fish so far out of water that it has achieved orbit. After inheriting a criminal empire, the twenty-three year-old finds herself under threat from all sides as a rogue's gallery of larger-than-life enemies think they smell weakness. On the eve of the world's most lavish and ridiculous Halloween celebration, a steamer trunk-sized box arrives at Zoey's door and she is shocked to find that it contains a disemboweled corpse. She is even more shocked when that corpse, controlled by an unknown party, rises and goes on a rampage through the house. Speaking in an electronic voice, it publicly accuses Zoey of being its murderer. This is the kind of thing that almost never happened at her old job. The city was already a ticking time bomb of publicity-hungry vigilantes with superhuman enhancements and Zoey knows this turn of events is unlikely to improve the situation. Now, she and her team of high-tech tricksters have to solve this bizarre murder while simultaneously keeping Tabula Rasa from descending into chaos. “Biting humor and blatant digs at modern society overlay a subtly brilliant and thoughtful plot” (Publishers Weekly) in *John Dies at the End* author David Wong's first installment of the Zoey Ashe Series, *Futuristic Violence and Fancy Suits*. Now, “one of today's great satirists” (Nerdist) is back with *Zoey Punches the Future in the Dick*, the second installment in a “Technicolor tomorrowland.” (Kirkus Reviews)

*Futuristic Violence and Fancy Suits* David Wong, Jason Pargin, 2015-10-06 A Winner of the 2016 Alex Awards Nightmarish villains with superhuman enhancements. An all-seeing social network that tracks your every move. Mysterious, smooth-talking power players who lurk behind the scenes. A young woman from the trailer park. And her very smelly cat. Together, they will decide the future of mankind. Get ready for a world in which anyone can have the powers of a god or the fame of a pop star, in which human achievement soars to new heights while its depravity plunges to the blackest depths. A world in which at least one cat smells like a seafood shop's dumpster on a hot summer day. This is the world in which Zoey Ashe finds herself, navigating a futuristic city in which one can find elements of the fantastic, nightmarish and ridiculous on any street corner. Her only trusted advisor is the aforementioned cat, but even in the future, cats cannot give advice. At least not any that you'd want to follow. Will Zoey figure it all out in time? Or maybe the better question is, will you? After all, the future is coming sooner than you think.

*Futuristic Violence and Fancy Suits* David Wong, 2015-10-06 New York Times bestselling author David Wong takes readers to a whole new level with his latest darkly comic sci-fi thriller.

**This Book Is Full of Spiders** David Wong, 2012-10-02 Fan favorite Wong takes readers to a whole new level with this blistering sequel to the cult sensation *John Dies at the End*, soon to be a movie starring Paul Giamatti.

**What the Hell Did I Just Read** David Wong, 2017-10-03 It's the story They don't want you to read. Though, to be fair, They are probably right about this one. To quote the Bible, Learning the truth can be like loosening a necktie, only to realize it was the only thing keeping your head attached. No, don't put the book back on the shelf -- it is now your duty to purchase it to prevent others from reading it. Yes, it works with e-books, too, I don't have time to explain how. While investigating a fairly straightforward case of a shape-shifting interdimensional child predator, Dave, John and Amy realized there might actually be something weird going on. Together, they navigate a diabolically convoluted maze of illusions, lies, and their own incompetence in an attempt to uncover a terrible truth they -- like you -- would be better off not knowing. Your first impulse will be to think that a story this gruesome -- and, to be frank, stupid -- cannot possibly be true. That is precisely the reaction They are hoping for. *John Dies at the End*'s smart take on fear manages to tap into readers' existential dread on one page, then have them laughing the next (Publishers Weekly) and *This Book is Full of Spiders* was unlike any other book of the

genre (Washington Post). Now, New York Times bestselling author David Wong is back with What the Hell Did I Just Read, the third installment of this black-humored thriller series.
