Tribe Sebastian Junger, 2016-05-24 We have a strong instinct to belong to small groups defined by clear purpose and understanding--tribes. This tribal connection has been largely lost in modern society, but regaining it may be the key to our psychological survival. Decades before the American Revolution, Benjamin Franklin lamented that English settlers were constantly fleeing over to the Indians-but Indians almost never did the same. Tribal society has been exerting an almost gravitational pull on Westerners for hundreds of years, and the reason lies deep in our evolutionary past as a communal species. The most recent example of that attraction is combat veterans who come home to find themselves missing the incredibly intimate bonds of platoon life. The loss of closeness that comes at the end of deployment may explain the high rates of post-traumatic stress disorder suffered by military veterans today. Combining history, psychology, and anthropology, *Tribe* explores what we can learn from tribal societies about loyalty, belonging, and the eternal human quest for meaning. It explains the irony that-for many veterans as well as civilians-war feels better than peace, adversity can turn out to be a blessing, and disasters are sometimes remembered more fondly than weddings or tropical vacations. *Tribe* explains why we are stronger when we come together, and how that can be achieved even in today's divided world.

WAR Sebastian Junger, 2010-05-11 In his breakout bestseller, *The Perfect Storm*, Sebastian Junger created a wild ride that brilliantly captures the awesome power of the raging sea and the often futile attempts of humans to withstand it (Los Angeles Times Book Review). Now, Junger turns his brilliant and empathetic eye to the reality of combat--the fear, the honor, and the trust among men in an extreme situation whose survival depends on their absolute commitment to one another. His on-the-ground account follows a single platoon through a 15-month tour of duty in the most dangerous outpost in Afghanistan's Korengal Valley. Through the experiences of these young men at war, he shows what it means to fight, to serve, and to face down mortal danger on a daily basis.

The Perfect Storm Sebastian Junger, 1997-05-17 There is nothing imaginary about Junger's book; it is all terrifyingly, awesomely real. —Los Angeles Times It was the storm of the century, boasting waves over one hundred feet high—a tempest created by so rare a combination of factors that meteorologists deemed it the perfect storm. In a book that has become a

classic, Sebastian Junger explores the history of the fishing industry, the science of storms, and the candid accounts of the people whose lives the storm touched. The Perfect Storm is a real-life thriller that makes us feel like we've been caught, helpless, in the grip of a force of nature beyond our understanding or control. Winner of the American Library Association's 1998 Alex Award.

The Routledge Introduction to American Life Writing Amy Monticello,Jason Tucker,2023-07-31 The stories of lived experience offer powerful representations of a nation's complex and often fractured identity. Personal narratives have taken many forms in American literature. From the letters and journals of the famous and the lesser known to the memoirs of former slaves to hit true crime podcasts to lyric essays to the curated archives we keep on social media, life writing has been a tool of both the influential and the disenfranchised to spark cultural and political evolution, to help define the larger identity of the nation, and to claim a sense of belonging within it. Taken together, individual stories of real American lives weave a tapestry of history, humanity, and art while raising questions about the veracity of memory and the slippery nature of truth. This volume surveys the forms of life writing that have contributed to the richness of American literature and shaped American discourse. It examines life writing as a rhetorical tool for social change and explores how technological advancement has allowed ordinary Americans to chronicle and share their lives with others.

The Justification of War and International Order Lothar Brock,Hendrik Simon,2021-02-11 The history of war is also a history of its justification. The contributions to this book argue that the justification of war rarely happens as empty

propaganda. While it is directed at mobilizing support and reducing resistance, it is not purely instrumental. Rather, the justification of force is part of an incessant struggle over what is to count as justifiable behaviour in a given historical constellation of power, interests, and norms. This way, the justification of specific wars interacts with international order as a normative frame of reference for dealing with conflict. The justification of war shapes this order, and is being shaped by it. As the justification of specific wars entails a critique of war in general, the use of force in international relations has always been accompanied by political and scholarly discourses on its appropriateness. In much of the pertinent literature the dominating focus is on theoretical or conceptual debates as a mirror of how international normative orders evolve. In contrast, the focus of the present volume is on theory and political practice as sources for the re- and de-construction of the way in which the justification of war and international order interact. With contributions from international law, history, and international relations, and from Western and non-Western perspectives, this book offers a unique collection of papers exploring the continuities and changes in war discourses as they respond to and shape normative orders from early modern times to the present.

In My Time of Dying Sebastian Junger, 2024-05-21 A near-fatal health emergency leads to this powerful reflection on death—and what might follow—by the bestselling author of *Tribe* and *The Perfect Storm*. For years as an award-winning war reporter, Sebastian Junger traveled to many front lines and frequently put his life at risk. And yet the closest he ever came to death was the summer of 2020 while spending a quiet afternoon at the New England home he shared with his wife and two young children. Crippled by abdominal pain, Junger was rushed to the hospital by ambulance. Once there, he began slipping away. As blackness encroached, he was visited by his dead father, inviting Junger to join him. “It’s okay,” his father said. “There’s nothing to be scared of. I’ll take care of you.” That was the last thing Junger remembered until he came to the next day when he was told he had suffered a ruptured aneurysm that he should not have survived. This experience spurred Junger—a confirmed atheist raised by his physicist father to respect the empirical—to undertake a scientific, philosophical, and deeply personal examination of mortality and what happens after we die. How do we begin to process the brutal fact that any of us might perish unexpectedly on what begins as an ordinary day? How do we grapple with phenomena that science may be unable to explain? And what happens to a person, emotionally and spiritually, when forced to reckon with such existential questions? *In My Time of Dying* is part medical drama, part searing autobiography, and part rational inquiry into the ultimate unknowable mystery.

Writing to Make an Impact Sandra Murphy, Mary Ann Smith, 2020 Through ideas and practices straight from the classrooms of outstanding teachers, this lively resource illustrates writing that makes an impact on a reader, a writer, or a cause—writing that everyone wants to read. The book is rich with student work that shows how writing can make things

happen in the world. The authors provide ready-to-use lessons that include a full range of writing, including poetry, narrative, petitions, proposals, emails, self-reflections, long-term projects, and critical analyses. “Young people yearn to have an impact on the world but often lack the tools to make change. This book demonstrates how shifting the focus and purposes for writing can turn students' frustration with the status quo into action. There’s no time to waste. The need for change—both in school and in society—is urgent.” —Carol Jago, past president, National Council of Teachers of English and associate director, California Reading and Literature Project at UCLA “In true National Writing Project style, Sandy Murphy and Mary Ann Smith take us inside the classrooms of remarkable teachers to see how they create contexts for young writers to pursue writing they care about for purposes that matter. Readers will find lots to take back to their own settings to engage this remarkable generation of young people in our classrooms.” —Elyse Eidman-Aadahl, Executive Director, National Writing Project

So, You Want to Be a Writer? Vicki Hambleton, Cathleen Greenwood, 2012-05 Walks young people through every step of the process, from generating ideas to marketing a book, and includes exercises to improve storytelling skills.

The Perfect Storm Sebastian Junger, 1998-03 'The Perfect Storm' is a once-in-a-hundred-years combination - a high pressure system from the Great Lakes running into storm winds over an Atlantic island and colliding with a weather system from the Caribbean. Its name is Hurricane Grace. This is the story of that storm.

La Tormenta Perfecta Sebastian Junger, 1998-10-02 Con la tensin narrativa de la propia furia de los elementos, Junger nos lleva al corazon de la tormenta, describiendo con gran fuerza el valor, el temor y el pnico que se desatan ante un fenmeno de estas caractersticas. Recrea los ltimos momentos de la tripulacin del Andrea Gail y relata la valenta de unos rescates en alta mar que dejaron hroes y vctimas, entretejiendo la historia de la industria pesquera, la meteorologa y los testimonios de personas que se vieron afectadas por la tormenta. La tormenta perfecta nos deja en los labios un sabor a mar y nos trasmite el desamparo que se siente cuando se est dominado por una fuerza de la naturaleza que escapa a nuestro conocimiento y control.

A Death in Belmont Sebastian Junger, 2006-04-17 A fatal collision of three lives in the most intriguing and original crime story since In Cold Blood. In the spring of 1963, the quiet suburb of Belmont, Massachusetts, is rocked by a shocking sex murder that exactly fits the pattern of the Boston Strangler. Sensing a break in the case that has paralyzed the city of Boston, the police track down a black man, Roy Smith, who cleaned the victim's house that day and left a receipt with his name on the kitchen counter. Smith is hastily convicted of the Belmont murder, but the terror of the Strangler continues. On the day of the murder, Albert DeSalvo—the man who would eventually confess in lurid detail to the Strangler's crimes—is also in Belmont, working as a carpenter at the Jungers' home. In this spare, powerful narrative, Sebastian Junger chronicles three

lives that collide—and ultimately are destroyed—in the vortex of one of the first and most controversial serial murder cases in America.
