cuidado y amado; a la educación y el juego; a la cultura, la religión y el idioma; a la identidad; a la igualdad; a ser auxiliado; a expresarse; a compartir; a informarse; y a la buena calidad de vida. A ellos Saúl añadió uno más: el derecho a oír cuentos.

Marco de la FAO para poner fin al trabajo infantil en la agricultura Organización de las Naciones Unidas para la Alimentación y la Agricultura, 2020-11-26 El objetivo del marco de la FAO es orientar a la Organización y su personal en la integración de medidas que abordan el trabajo infantil en el trabajo, los programas y las iniciativas típicas de la FAO a nivel mundial, regional y nacional. Su objetivo es mejorar el cumplimiento de las normas operacionales de la organización y fortalecer la coherencia y las sinergias en toda la Organización y con los socios. El marco de la FAO está dirigido principalmente a la FAO como organización, incluido todo el personal en todas las ubicaciones geográficas. Pero el marco también es relevante para los órganos rectores de la FAO y los Estados Miembros, y proporciona orientación y una base para la colaboración con los socios para el desarrollo. El marco también se utilizará como orientación clave para evaluar y supervisar el cumplimiento de las normas ambientales y sociales de la FAO que abordan la prevención y reducción del trabajo infantil en la programación de la FAO.

Difícil ser hombre Norma Fuller, 2020-03-04 En el Perú y en Latinoamérica vivimos actualmente un proceso de cambios económicos, políticos y sociales. Estos inciden directamente en la estructura y las dinámicas de la familia, es decir afecta la manera en que se constituyen los roles, identidades y subjetividades de sus distintos miembros. Por ello, es indispensable analizar sus repercusiones, sobre todo en la construcción de las masculinidades, su vínculo con la corporeidad y sus consecuencias en el modelo patriarcal. Difícil ser hombre. Nuevas masculinidades latinoamericanas explora el devenir de las masculinidades en distintos niveles, en diversos ámbitos y con todas sus consistencias e inconsistencias. Con un lenguaje claro y directo, este libro presenta reflexiones sobre temas de género a partir de casos concretos de nuestra región. Todos los ensayos se preguntan a dónde van las masculinidades. ¿Se trata de cambios en el sentido de una mayor equidad de

género o de adaptaciones a nuevas circunstancias? En suma, nos preguntamos cómo se vive una identidad que se define como fija al mismo tiempo que como cambiante y cuestionable.

Entre otros, el derecho a ser iguales sin distinción de raza o religión, a recibir protección especial, a tener un nombre y una nacionalidad, a una alimentación, vivienda y atención médica adecuadas, a recibir educación o a poder jugar.
