**Greatest Blacks Ever** Ambassador Elliston Rahming, Briana Louise Cacuci, 2017-06-16 From an article entitled "History's Black Hole" from the January 10, 2016 global edition of the New York Daily News, Arthur Browne opines, "Across every field of endeavor, from the ministry to medicine and from education to entrepreneurship, book merchants balk at memorializing black experience and accomplishments." Essentially, this book is a celebration of black accomplishments—over centuries and across continents—and seeks to fill a portion of that "black hole." Of the roughly 7 billion people who inhabit this planet, some 1.5 billion are classified as white, and blacks account for 1.1 billion. The remaining over 4 billion are somewhere in the middle. Yet, throughout the years, a paucity of written materials have recorded the positive influences and myriad contributions that the great number of black citizens have made toward global peace, progress, prosperity, and pleasure.

**Awakening** Rachel B. Vogelstein, Meighan Stone, 2021-07-13 Foreword by Tarana Burke. Awakening chronicles the remarkable global impact of the #MeToo movement. Since 2017, millions have joined the global movement known as #MeToo, catalyzing an unprecedented wave of women's activism powered by technology that reaches across borders, races, religions, and economic divides. Today, women in more than 100 countries are using the hashtag to fight the violence and discrimination they face—and winning. What started as an online campaign against sexual harassment has triggered the most widespread cultural reckoning on women's rights in history, with global implications for women's participation in the economy, politics, and across social and cultural life. Awakening is the first book to capture the global impact of this breakthrough movement. Bringing together political analysis and inspiring personal stories from women in seven countries—Brazil, China, Egypt, Nigeria, Pakistan, Sweden, and Tunisia—Awakening takes readers to the front lines of a networked movement that's fundamentally shifting how women organize for their own equality.

**Women Nobel Peace Prize Winners, 2d ed.** Anita Price Davis, Marla J. Selvidge, 2015-12-01 From the first woman Nobel Peace Prize recipient, Bertha von Suttner (1905), to the latest and youngest female Nobel laureate, Malala Yousafzai (2014), this book in its second edition provides a detailed look at the lives and accomplishments of each of these sixteen Prize winners. They did not expect recognition or fame for their work—economist Emily Greene Balch (1946) was surprised to learn that anyone knew about her. But they did not work in isolation: all met with discouragement, derision, threats or—in

Yousafazi's case--attempted murder and exile. A history of the Prize and a biographical sketch of Alfred Nobel are included.

**Diaries of an Athlete** Ali Vialdores,2023-12-20 One of the great things about life and fulfilling dreams is that unless your goal is to land on planet Neptune, there's an example of how you can get there, along with the pitfalls to avoid—a road map. Your goals and dreams are made up of events and achievements in your heart and mind. So, as accurate as they may feel to you, they're still uncharted territory for you. How to get there is unknown, as well as what challenges lie ahead. Being able to copy the formula for success helps to make the direction of the journey more transparent, and it allows you to learn from others' mistakes. After all, we don't learn just from succeeding. We often learn more from failures, even if it's someone else's. Numerous studies have shown that Generation Y(millennials) and Generation Z, while different in many ways, are both made up of big dreamers with tremendous talent and education. Those of both generations also lack the know-how to connect those dreams to action steps. If you have a dream but don't know what to do with it, this eight-key approach is the answer to helping it come to fruition. Your path to your goals will be made clear through research-based strategies, career highlights from a variety of athletes, and my firsthand experience. Furthermore, the most beautiful aspect of this process for achieving success is that it will work for anyone who applies it, and it applies to just about anything in life, including business.

Defying Victimhood Albrecht Schnabel, Anara Tabyshalieva, 2012 Opportunities for sustainable peacebuilding are lost--and sustainable peace is at risk--when significant stakeholders in a society's future are excluded from efforts to heal the wounds of war and build a new society and a new state. Yet women are routinely marginalized, unnoticed, and underutilized in such efforts. *Defying Victimhood* uses comparative case studies and country studies from post-conflict contexts in different parts of world to produce insights for understanding women as both victims and peacebuilders. The book traces the road that women take from victimhood to empowerment and highlights the essential partnerships between women and children and how they contribute to survival and peace. Drawing particularly on African cases, the authors examine national and global efforts to right past wrongs as well as the roles of women in political and security institutions. They argue that for women in post-conflict societies, defying victimhood means being an activist, peacebuilder, and--above all--a full participant in post-war social, economic, political, and security structures, access to which all too often has unjustly and unwisely been denied.
