Kingdom Man Tony Evans,2012-03-01 Live confidently in your authority as a kingdom man. For too long, men have sat on the sideline of life. But God intends for us to get into the game. We've been content with mediocre while God calls us to greatness. The path to a better world and a better future for our families and communities begins at our door. We need to take hold of our biblical anointing and become spiritually strong men sold out for the kingdom of God. Dr. Tony Evans, founder and president of The Urban Alternative and senior pastor at Oak Cliff Bible Fellowship in Texas, calls men to biblical manhood. He exhorts you to grab hold of your dominion, exercise the authority God has given you, and fulfill your role to

provide leadership and mirror God's character. With Kingdom Man as your guide, you will learn to: Leave the past behind: learn from yesterday but not live in it Embrace prayer as your primary weapon of warfare Align yourself with God's prescription for kingdom masculinity Confidently and compassionately express your authority within your domain Remember your call to greatness Men, it's time to step into our destiny. It's time to roar.

Indo-US Relations Nirode Mohanty, 2014-12-18 The purpose of this book is to narrate important, dynamic events that have taken place in the Indo-U.S. relations, beginning from 1943 to 2013. This includes the American role in India's independence, the Cold War, demise of the Soviet Union, resurgence of Islamic fundamentalism, terrorists' attack of American cities in 2001, decline of American power, rise of India, and rise of China. The study is confined to only three areas: terrorism, nuclear proliferation, and nuclear energy. The defining moment of the twenty-first century occurred in 2008 when these two estranged great democracies engaged one another to work on common goals and establish a strategic relationship between two natural allies.

Africa's Third Liberation Greg Mills, 2014-06-02 Africa has experienced two liberations: the first from colonial and racist regimes, and the second from the autocrats who often followed foreign rule. African countries now have the potential to undertake a third liberation - from political economies characterised by graft, crony capitalism, rents-seeking, elitism and social inequality. This third liberation will open up the economic space in which business can compete - a necessary condition for expanding employment. During the 2000s, the continent had its best growth decade on record since independence. High commodity prices offer a launch pad for sustained growth and employment creation. Now is the moment for African countries to act. This book asks how Africa's political leaders and interest groups can promote economic growth in their countries. Drawing on studies of countries outside Africa, Jeffrey Herbst and Greg Mills identify the factors separating the performers from the laggards worldwide. Aside from the need to create an enabling environment for business through good governance, provision of infrastructure and improvements in education, most critical is the need for a laser-like development focus by governments. In Africa's Third Liberation, Jeffrey Herbst and Greg Mills show why a new African political debate is necessary to make progress in accelerating growth and creating jobs.

The Black Athlete as Hero Joseph Dorinson, 2022-11-09 Part history, part biography, this study examines the Black athlete's search to unify what W.E.B. DuBois called the two unreconciled strivings of African Americans--the struggle to survive in black society while adapting to white society. Black athletes have served as vanguards of change, challenging the dominant culture, crossing social boundaries and raising political awareness. Champions like Joe Louis, Jackie Robinson, Muhammad Ali, Jim Brown, Wilma Rudolph, Roberto Clemente, Althea Gibson, Arthur Ashe, Serena Williams, Kareem Abdul-Jabbar and LeBron James make a difference, even as many in the Black community question the idea of athletes as role models. The author argues the importance of sports heroes in a panic-plagued era beset with class division and racial

privilege.
