Keep It in the Family John Marrs, 2022-10-18 In this chilling novel from bestselling author John Marrs, a young couple's house hides terrible secrets--and not all of them are confined to the past. Mia and Finn are busy turning a derelict house into their dream home when Mia unexpectedly falls pregnant. But just when they think the house is ready, Mia discovers a chilling message scored into a skirting board: I WILL SAVE THEM FROM THE ATTIC. Following the clue up into the eaves, the couple make a gruesome discovery: their dream home was once a house of horrors. In the wake of their traumatic discovery, the baby arrives and Mia can't shake her fixation with the monstrous crimes that happened right above them. Haunted by the terrible things she saw and desperate to find answers, her obsession pulls her ever further from her husband. Secrecy shrouds the mystery of the attic, but when shards of a dark truth start to emerge, Mia realises the danger is terrifyingly present. She is prepared to do anything to protect her family--but is it already too late?

The Family Experiment John Marrs, 2024-07-09 From the acclaimed author of *The One* and *The Marriage Act*, *The Family Experiment* is a dark and brilliant speculative thriller about families: real and virtual. Some families are virtually perfect... The world's population is soaring, creating overcrowded cities and an economic crisis. And in the UK, the breaking point has arrived. For a monthly subscription fee, clients can create a virtual child from scratch who they can access via the metaverse and a VR headset. To launch this new initiative, the company behind Virtual Children has created a reality TV show called *The Substitute*. It will follow ten couples as they raise a virtual child from birth to the age of eighteen but in a condensed nine-month time period. The prize: the right to keep their virtual child, or risk it all for the chance of a real baby... Set in the same universe as John Marrs's bestselling novel *The One* and *The Marriage Act*, *The Family Experiment* is a dark and twisted thriller about the ultimate Tamagotchi—a virtual baby. Christianity and Western Literature Ambrose Mong, 2023-09-28 Some of the greatest works of Western literature have been inspired or influenced by powerful Christian themes. In this fresh evaluation of this relationship and its development over the last two millennia, Ambrose Mong studies a series of authors representative of the changing epochs. Augustine, Dante and Milton all wrote to serve the needs of the Christian community, and combine their religious themes with scholarly excellence. Meanwhile Shakespeare's plays and Coleridge's *The Rime of the Ancient Mariner*, though not specific to the Christian faith, nevertheless betray the dominant Christian values and imagery of their time. Finally, in Dostoevsky's *The Brothers Karamazov* and Greene's *The Power and the Glory*, Christianity is put under scrutiny, reflecting the increasing insecurity of its place in society. Throughout, Mong also shows that the themes in these works are to a certain extent universal. Creation, sin, suffering and forgiveness are perennial human concerns, beyond the exclusive purview of Christianity, and these texts serve to challenge Christian assumptions as much as they are influenced by them. Always thorough and sensitive to the unique context of each writer, Mong's analysis provides an important grounding in the way Western literature has shaped and been shaped by the religion of its day.
