Love in the Time of Zombies Lynn Messina,2014-02-12 It's 2017, and a raging virus has drastically reduced the world's population of men, transforming all but a fraction into a race of putrid, brain-dead zombies. So what's single, ambitious 23-year-old Hattie Cross to do for fun, not to mention romance? In this hilarious marriage of post-apocalyptic fiction and supersmart chick-lit with a wry twist, novelist Lynn Messina spoofs dating manuals, monsters, and the superficial media world, all the while creating a feisty, funny heroine with heart.

Love in the Time of Zombies Jill James,2015-01-26 Influenza swept the planet. In months, two billion were dead. In the decimated United States, President Andrew Thomas signed an Executive Order to spray the national food and water supply with a flu vaccine. It spread and mutated up the food chain. The infected craved the flesh of the living and the undead walked the earth. Overnight, Emily Gray's privileged world was ripped away. From pampered trophy wife to sharpshooter zombie hunter. From an elite address in San Francisco to the outskirts of an East Bay farm town. You never know what event will

define you. The apocalypse showed Emily what she was truly capable of doing to survive. Seth Ripley was a truck driver with simple dreams. Pay off his mortgage, not live paycheck to paycheck, and take care of his mom. The end of the world as he knew it stole all that away. His home and livelihood are gone and the only dream he has left is for his mother to awake from her diabetic coma brought on from the trials and tribulations of getting out of Oakland ahead of the horde of undead. When surviving day to day is all you ask of life, love seems an unrealistic dream. Who would ever think that something as terrible as the zombie apocalypse could bring Seth and Emily something as wonderful as their other half, their soul mate, their true love? Now all they have to do is survive death, destruction, and a madman who wants to control what is left of the world they knew.

Exhibit 692 Margaret Fisher,2014-07-03 Described as a zombie novel with a twist, Exhibit 692: Love in the Time of Zombies takes readers on a very personal journey through The Outbreak. Karen, a solitary survivor in her mid-twenties, decides on a whim to start recording her daily life as she travels around the Midwest, decapitating every zombie she comes across. Separated from everyone she loves, she finally realizes it's time to head home and find the answers she's been too afraid to search for. Part of her knows there's a bigger threat than zombies or her fellow humans, who are often just as willing to eat one another as the zombies. The problem is that denial is the only thing holding Karen together. At least until Ron climbs into her life. Exhibit 692: Love in the Time of Zombies is a journal recovered by the fictitious establishment The Outbreak Institute and Archives, some 200 years in the future. Footnotes accompany the journal, making it a unique piece of fiction that ties together many genres. Equal parts psychological exploration, satire, romance, and horror (with zombies sprinkled on top), Exhibit 692 is unlike any other zombie apocalypse novel out there.
