*Building Honor in Academics* Valerie P. Denney,Camilla J. Roberts,2023-01-24 A 360-degree look at academic integrity with case studies from professors, administrators, and students *Building Honor in Academics: Case Studies in Academic Integrity* is a collection of case studies on academic integrity from around the globe. More than case studies, the book is intended to help administrators, faculty, and students start conversations around the topic of cheating and academic integrity, and what to do when they find themselves faced with it firsthand. The case studies will come from honor code administrators, department leaders, faculty, and students across disciplines. Written by leaders of The International Center for Academic Integrity, this book tracks the ICAI's six values of academic integrity: honesty, trust, fairness, respect, responsibility, and courage. These six values manifest in different ways across different institutions, but they are all relevant in the quest to consider how to promote integrity in higher education. Academic integrity has received increased media attention since the beginning of the covid-19 pandemic, and now is the time to educate academic communities in the ideas, techniques, and strategies that work to enhance the level of personal responsibility in higher education. Learn about the six values of academic integrity and how they can guide your institution Read case studies from the perspectives of students, administrators, and faculty Identify large and small tasks you can undertake to promote academic integrity at all levels Become part of the solution as higher education shifts to a new framework for the digital age *Building Honor in Academics* is an eye-opening resource for administrators, leaders, and policymakers in higher education, as well as students studying to enter these roles.

To Be Honest Karén Clos Bleeker,2007-04-30 An erosion of confidence in higher education institutions, particularly community colleges, is coming at a time when it can be ill-afforded as education costs increase and federal and public funding decrease. It is more critical than ever that we demonstrate integrity, honesty, and character-building within our community colleges. In this highly introspective book, author Karén Clos Bleeker takes a comprehensive and thoughtprovoking look at academic dishonesty. Discover • Precise explanations of what defines academic dishonesty and why it happens • Effects of dishonesty and an understanding of why it is essential to address them • Prevalence: just how pervasive and prevalent is it? • What has been done to address the issue and what else should or can be done? You will also

find concrete examples, both positive and negative, as well as resources and recommendations to help community colleges take the measures needed to ensure academic integrity on their campuses.

*Promoting and Sustaining an Institutional Climate of Academic Integrity* Academic Senate for California Community Colleges,2007 This Academic Senate paper is in response to two resolutions from Fall 2005 concerning academic dishonesty. One resolution, 14.02, Student Cheating, sought clarification on a System Office legal position that limits the ability of local faculty to fail a student for a single incident of academic dishonesty, and pending the result of clarification, to seek an appropriate Title 5 change. Resolution 14.01, Student Academic Dishonesty and Grading, required the Academic Senate to investigate faculty legal and professional rights and obligations with regards to dealing with academic dishonesty, including options for grading, disciplinary action, definitions of academic dishonesty, a statement of best practices, and an explanation of student rights. The paper discusses the need for a culture of academic integrity that enriches the educational experience of students and faculty and, indeed, all individuals associated with the college as employees or community members. The paper recommends that colleges involve all constituent groups, particularly student leaders, in developing and promoting policies and procedures supportive of a climate of academic integrity. Students have key responsibilities and protections provided by Title 5 section 51023.7 and have the potential to raise awareness throughout an institution concerning academic integrity. The paper includes examples of policies and procedures that have been adopted at several colleges. Central to all discussions of academic integrity is the importance of due process and the protection of student rights. Suggestions for promoting a climate of academic integrity are provided, along with examples of policies applied to such issues as test taking,

technology, distance education, Internet use, group work, and maintaining the integrity of graded assignments. Emphasis is placed on the roles of classroom faculty, library services, counseling, and the need to institute mandates for information competency as a means of creating and sustaining a culture of academic integrity. The paper goes on to discuss the System Office's 1995 legal interpretation of faculty rights with regards to failing a student for an incident of academic dishonesty. Included in this section is a brief discussion of potential changes to Title 5 and a consideration of student rights under the law. The paper also provides examples from colleges of policies and procedures that support academic integrity, recommendations to local senates, faculty, and the State Academic Senate, and concludes with references and appendices. Appended are: (1) System Office Legal Opinion (Black 1995); (2) Student Rights (Title 5 section 51023.7); (3) Honor Code/Honor Council from Santa Monica College; (4) Academic Honesty Policy from Riverside City College; and (5) Student Due Process (Student Grievance), Mt. San Jacinto College.

**UA Academic Integrity Best Practice Principles**, 2017 The Principles outlined in this document have been endorsed by Universities Australia's members for the purpose of informing institutional policy and practice on strengthening the academic integrity of students. Assisting universities to foster academic integrity and minimise breaches, these Principles represent the collected intent of Australian universities to address the issues of academic integrity at the systemic level. They are intended to provide a baseline position upon which the universities can build their own policies and practices. [Publisher summary, ed]

**Academic Honor Enforcement** Talia Mercer, AI, 2025-04-07 Academic Honor Enforcement examines the crucial role of law schools in upholding ethical standards within the legal profession by rigorously enforcing academic integrity. It delves into the mechanisms used to combat academic dishonesty, such as plagiarism detection and disciplinary boards. The book highlights the importance of maintaining high ethical standards in legal education, especially given the increasing ease of plagiarism in the digital age. Consistent and transparent enforcement of honor codes, the book argues, is essential for cultivating a culture of integrity among future lawyers. This academic work uniquely combines empirical data, case studies of disciplinary proceedings, and comparative analysis of honor codes to provide practical recommendations for improving academic integrity policies. It explores the effectiveness of anti-plagiarism software and analyzes the fairness and due

process of disciplinary boards in law schools. The book progresses through key sections: introducing core concepts of academic integrity, analyzing plagiarism detection methods, assessing consequences for academic dishonesty, examining disciplinary board procedures, and discussing strategies for enhancing academic integrity. The book scrutinizes the challenges faced by law schools in maintaining academic integrity and emphasizes the importance of balancing punitive measures with educational interventions. Readers gain insights into ongoing debates about technology's role in plagiarism detection and the severity of penalties for academic misconduct. It serves as a resource for law school administrators, faculty, and students interested in promoting ethical standards and addressing academic misconduct within legal education.
