Romance Your Goals Zoe York,2022-01-25 Our publishing business is an extension of who we are and what we want in life. In order to find success at genre fiction writing, authors need to figure out which projects will move them towards their ideal career. In Romance Your Goals, New York Times and USA Today bestselling romance author Zoe York lays out a new framework for creating a chain of goals, achievable mile markers that point you in the right direction. This book includes: • decision-making tools you can add to your career management toolbox • further expansion on the Series 2.0 concept, and how progressive career growth can happen without breakout bestseller success • support for knowing when to take your writing career in a new direction

Designing Interfaces Jenifer Tidwell,2010-12-15 Despite all of the UI toolkits available today, it's still not easy to design good application interfaces. This bestselling book is one of the few reliable sources to help you navigate through the maze of design options. By capturing UI best practices and reusable ideas as design patterns, Designing Interfaces provides solutions to common design problems that you can tailor to the situation at hand. This updated edition includes patterns for mobile apps and social media, as well as web applications and desktop software. Each pattern contains full-color examples and practical design advice that you can use immediately. Experienced designers can use this guide as a sourcebook of ideas; novices will find a roadmap to the world of interface and interaction design. Design engaging and usable interfaces with more confidence and less guesswork Learn design concepts that are often misunderstood, such as affordances, visual hierarchy, navigational distance, and the use of color Get recommendations for specific UI patterns, including alternatives and warnings on when not to use them Mix and recombine UI ideas as you see fit Polish the look and feel of your interfaces with graphic design principles and patterns Anyone who's serious about designing interfaces should have this book on their shelf for reference. It's the most comprehensive cross-platform examination of common interface patterns anywhere.--Dan Saffer, author of Designing Gestural Interfaces (O'Reilly) and Designing for Interaction (New Riders)
