Where Dragons Dance Kory Varlen, 2023-10 Astrologers use lunar eclipses for timing and prediction. Our birth charts reveal we belong to a heavenly family--a family of dragons, a family of galvanizing lunar eclipse patterns, many of which are ancient and have been returning for centuries. Get ready to meet your dragon family and discover life patterns unknowable by any conventional means of astrological analysis. The ancient Chinese believed that lunar eclipse occurred when a dragon ate the moon. Our birth charts reveal we belong to a heavenly family--a family of dragons, or galvanizing lunar eclipse patterns, many of which are ancient and have been returning for centuries to check up on us, their earthly kin. Get ready to meet your dragon family and discover life patterns that have been dancing you through elaborate cosmic steps heretofore unknowable by any conventional means of astrological analysis. Who wouldn't want to dance with dragons? Nothing has captured their essence more than this book. Who are these dragons? Which Dragon family do you belong to? Which Dragon owns the Astrological DNA of your soul? How are Dragons influencing your life? If you're looking for a precision instrument that is useful, reliable and will function 100 percent of the time, the forty-seven families of lunar eclipses outlined in this book

You will see how the eclipses have impacted lives and brought fame, fortune and sometimes despair. The author's captivating humor takes the technical astrological data and makes it interesting to even those who are not astrology buffs. Every Astrologer needs this book. It is as essential as the Ephemerides. It will make your practice come alive in ways you have never experienced.

The Wise Hazel Tree Carolann Gregoire MSW, 2018-09-18 Rituals for living in season renew our sense of personal power and understanding of the underlying magick of the universe that sustains us. The magick is presented in an artful fusion of Astrology, Numerology, Feng Shui, and Wicca. In the branches of The Wise Hazel Tree, these ancient traditions lead the way around the wheel of life, helping our dreams and those of the Great Mother unfold more true to form. Consider life's course if in autumn, we follow nature's cue and take stock of our accomplishments alongside harvest celebrations of nature's bounty. Or, as nature sleeps, we slow life's pace in winter to allow time for self-care and reflection. Once spring blooms, we could find ourselves more rested and ready to begin work on new ideas and ventures. Following our intention, the sunny days of summer would shine on our growing dreams and daily endeavors.

Ameroca's New World Order Chris Tyson, 2011-10 What if the United States of America had a secret destiny that was known by only an enlightened few? Did any of the founding fathers belong to any secret societies? Why are there pagan gods and ancient symbols all over Washington, D.C.? Could any of this affect your life today? Over the last century, the United States of America has transformed itself from a sovereign nation into a global empire without borders. In *Ameroca's New World Order: A Global Atlantis for the Age of Aquarius*, author Chris Tyson uncovers the true purpose of America known over

a century before 1776. By understanding our nation's hidden past, the future of America's relationship to the rest of the world becomes clear. The founding fathers chose this country's destiny over 250 years ago. Now, you must choose your eternal destiny, with or without God. Once you read this book, you will never see America in the same light. Chris Tyson received his bachelor's in criminology from the University of Florida. He has received training from the following agencies: the U.S. Department of Homeland Security, the Energetic Materials Research and Testing Center, the Federal Emergency Management Agency, the National Emergency Response and Rescue Training Center, and the Office of State and Local Government Coordination Preparedness. After all, who does not want to know what their future holds for them? If you are interested in astrology, this book is sure to help you understand it and use it in your day-to-day life. Astrology can be defined as the study of the influence of heavenly objects on our lives. These celestial objects include the stars, planets, asteroids, satellites, etc. The positions of these elements at the time of an individual's birth (and not their conception) determines a lot of things about them and their lives. For instance, astrology can be used to understand a person's personality, his or her attitude and aptitude, their feelings, and their emotions as well. It can also show their romantic relationships and can predict certain things, including financial and professional life. Many people know of astrology thanks to the 'horoscope', which has become a fixture in many magazines and dailies. They also know their zodiac signs and the traits associated with them. This is sun sign astrology on which most of these newspaper horoscopes are based. It is the most straightforward and easy to understand any form of astrology, but it is also the most limited form. The results and predictions of this form of astrology are often confusing and may prove to be
