The Seven Levels of Intimacy Matthew Kelly,2005-11-15 Build the strong, deeply powerful relationships you've always desired in this inspirational guide to intimacy from Matthew Kelly, bestselling author of *The Rhythm of Life*. We all crave the heartwarming, incomparable connection of intimacy. But oftentimes, this complete, unrestrained sharing of ourselves is too daunting a task. Now, in *The Seven Levels of Intimacy*, Matthew Kelly explains step-by-step how to move beyond our fears and experience the power of true intimacy. By achieving each of Kelly's seven levels, we can understand and gain confidence in our partners and ourselves until we are fully able to experience love, commitment, trust, and happiness. With profound insight and the use of powerful and relatable examples, *The Seven Levels of Intimacy* redefines the most important relationships in our lives and how we view our interactions with one another. By finally comprehending and experiencing the great depths of intimacy, we can create the strong connections, deep joy, and lasting bonds that we all long for in our lives.

The Routledge Handbook of Love in Philosophy Adrienne M. Martin,2019-01-15 The Routledge Handbook of Love in Philosophy collects 39 original chapters from prominent philosophers on the nature, meaning, value, and predicaments of love, presented in a unique framework that highlights the rich variety of methods and traditions used to engage with these subjects. This volume is structured around important realms of human life and activity, each of which receives its own section: I. Family and Friendship II. Romance and Sex III. Politics and Society IV. Animals, Nature, and the Environment V. Art, Faith, and Meaning VI. Rationality and Morality VII. Traditions: Historical and Contemporary. This last section includes chapters treating love as a subject in both Western and non-Western philosophical traditions. The contributions, all appearing in print here for the first time, are written to be accessible and compelling to non-philosophers and philosophers alike; and the volume as a whole encourages professional philosophers, teachers, students, and lay readers to rethink standard constructions of philosophical canons.

Love in Action Simon Cuff ,2019-02-28 Described as 'the Catholic church's best kept secret,' Catholic Social Teaching provides a rich body of thought, and finds a particular resonance as all denominations in the church seek to engage with the needs of contemporary society. Yet beyond the immediate context of the Catholic church, it is all too readily ignored. Resolutely aimed at those who come from traditions beyond the movement's traditional catholic heartlands but who seek to view their ministry through the lens of generous orthodoxy, *Love in Action* offers a deeply scriptural but accessible

introduction to this vital approach to the church's ministry in the world.

The Intricacies of Love and Intimacy Ami Rokach,2024-08-30 This book explores the meaning of love and intimacy from a variety of perspectives, specifically philosophical, psychological and cultural. This volume is a focussed study on what makes them and what may break love and intimacy. Love and intimacy are central to us, is sought by almost everyone, and while we seem to know what they are, they are not easily described. The present volume includes eleven chapters which are divided into two parts. The first part describes the meaning of love, intimacy, and romantic relations, and the second highlights what may go wrong in such relationships, and why. The book explores theoretical debates and contemporary research around emotions and will be of interest to students and researchers of psychology, philosophy as well as sex, marriage and family therapists and counselors. The chapters in this book were originally published in The Journal of Psychology.

Flight Without Limits Rolf A. F. Witzsche,2004-03-01 A SCIFI novel with a twist. This is Science Fiction about a space voyage to Alpha Centauri with a touch of reality. Alpha Centauri is the nearest solar system to our own. It has three suns and is located a mere 4.35 light years from earth. But how to get there! --Can you imagine the logistics involved in mounting a multiyear space mission, complete with the needed food resources? In building the technologies for such a voyage we have to bow to the physics of the universe. In that domain we cannot cheat. -- However, we also live in a second universe, the mental universe, the universe of ideas. Here a 'space' voyage is not bound to inherent limits, not even the limits imposed by distance. The concept of distance becomes unknown. This also applies socially, sexually, and romantically. In the novel both worlds become gradually combined. One of the two stands in metaphor in order that the two worlds can interact and enrich one another.

Love, Freedom, and Evil Thaddeus J. Williams,2011-01-01 The defining premise of the Relational Free Will Defense is the claim that authentic love requires free will. Many scholars, including Gregory Boyd and Vincent Brümmer, champion this claim. Best-selling books, such as Rob Bell's Love Wins, echo that love "cannot be forced, manipulated, or coerced. It always leaves room for the other to decide." The claim that love requires free will has even found expression in mainstream Hollywood films, including Frailty, Bruce Almighty, and The Adjustment Bureau. The analysis shows convincingly that the claim that authentic love requires free will, does not meet the criteria of consistency, compatibility with Scriptural sources, and the demands of concrete encounter with problems of moral evil.

You, Me and the Space Between Us Matt and Sarah Davies,2023-02-02 'There is a lot to like in this radically open book. I would recommend this book to anyone struggling in their relationship' ? Dr Tara Porter 'Love is alive only when we feed and sustain it with our actions, over and over again.' When we meet someone and fall in love, everything seems easy at first. But Matt and Sarah Davies, relationship counsellors and husband and wife, know better than most that relationships

take work. Whether you've been married for decades or are just starting out, this illuminating book will give you the tools to maintain a supportive, stable relationship. Matt and Sarah show us that all relationships involve a third body: the space between us, which needs to be nourished, nurtured and taken care of. Covering topics such as boundaries, communication, conflict, resolution, desire and sense of self, Matt and Sarah provide expert advice on how to build trust, intimacy and love. *You, Me and the Space Between Us* is a guidebook for how to create a healthy, loving relationship, which will last the test of time.

The Transforming Habits of a Growing Christian William D. Watkins, 2004 Watkins puts Christians on the road to developing life-changing habits that enrich their love for God and their experience of God's love for them by encouraging them to embrace the spiritual disciplines--including simplicity, prayer, study, confession, and service--and make them part of everyday life.
