**Lynn Painter**

**Better Than the Movies** Lynn Painter, 2021-05-04 A USA TODAY and New York Times bestseller Perfect for fans of Kasie West and Jenn Bennett, this “sweet and funny” (Kerry Winfrey, author of *Waiting for Tom Hanks*) teen rom-com follows a hopelessly romantic teen girl and her cute yet obnoxious neighbor as they scheme to get her noticed by her untouchable crush. Perpetual daydreamer Liz Buxbaum gave her heart to Michael a long time ago. But her cool, aloof forever crush never really saw her before he moved away. Now that he’s back in town, Liz will do whatever it takes to get on his radar—and maybe snag him as a prom date—even befriend Wes Bennet. The annoyingly attractive next-door neighbor might seem like a prime candidate for romantic comedy fantasies, but Wes has only been a pain in Liz’s butt since they were kids. Pranks involving frogs and decapitated lawn gnomes do not a potential boyfriend make. Yet, somehow, Wes and Michael are hitting it off, which means Wes is Liz’s in. But as Liz and Wes scheme to get Liz noticed by Michael so she can have her magical prom moment, she’s shocked to discover that she likes being around Wes. And as they continue to grow closer, she must reexamine everything she thought she knew about love—and rethink her own ideas of what Happily Ever After should look like.

Better Than The Movies. Meglio che nei film Lynn Painter, 2023-07-04T00:00:00+02:00 Se l’amore fosse un film, per Liz sarebbe una commedia romantica. Il suo lieto fine, però, è ancora tutto da scrivere. Sin da quando era bambina, Liz sogna un amore da film. Grazie a una passione smisurata per le commedie romantiche, nella sua testa il copione è già scritto: un giorno incontrerà il ragazzo perfetto e insieme vivranno per sempre felici e contenti. Perciò, quando la sua cotta storica torna in città, Liz non può che interpretarlo come un segno del destino: il lieto fine è in arrivo, è lui quello giusto. Il primo passo per mettere le basi del loro eterno amore è convincerlo a invitarla al ballo di fine anno. Per farlo, Liz ha bisogno di un piccolo aiuto. E anche se controvoglia, è costretta a chiederlo a Wes, il suo vicino di casa nonché nemico giurato, lo stesso che le ha infilato una rana nella casa di Barbie. Più tempo passano insieme, però, più Liz si rende conto che Wes non è più il bambino dispettoso di un tempo. Adora provocarla e sa essere una discreta spina nel fianco, ma è anche capace di farla ridere, la ascolta e sembra capirla sul serio. All’improvviso Liz è costretta a riesaminare tutto quello che credeva di sapere sull’amore. Perché nel mondo reale il gran finale non è sempre quello che ci si aspetta.

Celebrity Nation Landon Y. Jones, 2023-05-09 A former People magazine editor reveals how our cult of celebrity has shaped our politics, our culture, and our personal lives—for better or worse From the writer and editor who coined the term “baby boomer” comes Celebrity Nation, an exploration into how and why fame no longer stems only from heroic achievements but from the number of “likes” and shares—and what this change means for American culture. Landon Jones—who spent decades in “celebrityland” only to emerge, like Alice, blinking in the sunlight—brings a personal and first-person perspective on fame and its dark underbelly, complicated even further by the arrival of the internet and social media. Jones draws on his experience as the former managing editor of People magazine to bolster his account with profiles of celebrities he knew personally, ranging from Malcolm X to Princess Diana, as well as observations about contemporary social media stars like Kim Kardashian and computer-generated macro-influencer Miquela, a self-proclaimed “19-year-old Robot living in LA.” In analyzing the stories of over 75 celebrities, spanning decades and industries, Jones shows how celebrity has been wielded as a weapon of mass distraction to spawn narcissism, harm, and loneliness. And yet, in these stories we also see a path forward. Jones highlights luminaries like Nobel Peace prize winner Maria Ressa and lauded environmental activist Greta Thunberg, who have effected meaningful change not by glorifying themselves but by turning to their communities for action. A lively analysis of celebrity culture's impact on nearly every facet of our lives, Celebrity Nation helps us to recognize how the apparatus of fame operates.

**Steven Spielberg's America** Frederick Wasser, 2013-05-07 Steven Spielberg is known as the most powerful man in New Hollywood and a pioneer of the contemporary blockbuster, America's most successful export. His career began a new chapter in mass culture. At the same time, American post war liberalism was breaking down. This fascinating new book explains the complex relationship between film and politics through the prism of an iconic filmmaker. Spielberg's early films were a triumphant emergence of the Sunbelt aesthetic that valued visceral kicks and basic emotions over the ambiguities of history. Such blockbusters have inspired much debate about their negative effect on politics and have been charged as being an expression of the corporatization of life. Here Frederick Wasser argues that the older Spielberg has not fully gone this way, suggesting that the filmmaker recycles the populist vision of older Hollywood because he sincerely believes in both big

time moviemaking and liberal democracy. Nonetheless, his stories are burdened by his generation's hostility to public life, and the book shows how he uses filmmaking tricks to keep his audience with him and to smooth over the ideological contradictions. His audiences have become more global, as his films engage history. This fresh and provocative take on Spielberg in the context of globalization, rampant market capitalism and the hardening socio-political landscape of the United States will be fascinating reading for students of film and for anyone interested in contemporary America and its culture.

Literature into Film Linda Costanzo Cahir, 2014-12-24 For most people, film adaptation of literature can be summed up in one sentence: The movie wasn't as good as the book. This volume undertakes to show the reader that not only is this evaluation not always true but sometimes it is intrinsically unfair. Movies based on literary works, while often billed as adaptations, are more correctly termed translations. A director and his actors translate the story from the written page into a visual presentation. Depending on the form of the original text and the chosen method of translation, certain inherent difficulties and pitfalls are associated with this change of medium. So often our reception of a book-based movie has more to do with our expectations and reading of the literature than with the job that the movie production did or did not do. Avoiding these biases and fairly evaluating any particular literary-based film takes an awareness of certain factors. Written with a formalistic rather than historical approach, this work presents a comprehensive guide to literature-based films, establishing a contextual and theoretical basis to help the reader understand the relationships between such movies and the original texts as well as the reader's own individual responses to these productions. To this end, it focuses on recognizing and appreciating the inherent difficulties encountered when basing a film on a literary work, be it a novel, novella, play or short story. Individual chapters deal with the specific issues and difficulties raised by each of these genres, providing an overview backed up by case studies of specific film translations. Films and literary works receiving this treatment include *The Unbearable Lightness of Being*, *The Manchurian Candidate* (1962), *Lady Windemere's Fan* by Oscar Wilde and Shakespeare's *Henry V*. Interspersed throughout the text are suggestions for activities the film student or buff can use to enhance his or her appreciation and understanding of the films. **Television Goes to the Movies** Jonathan Gray, Derek Johnson, 2021-03-16 Television and film have always been connected, but recent years have seen them overlapping, collaborating, and moving towards each other in ever more ways. Set amidst this moment of unprecedented synergy, this book examines how television and film culture interact in the 21st century. Both media appear side by side in many platforms or venues, stories and storytellers cross between them, they regularly have common owners, and they discuss each other constantly. Jonathan Gray and Derek Johnson examine what happens at these points of interaction, studying the imaginary borderlands between each medium, the boundary maintenance that quickly envelops much discussion of interaction, and ultimately what we allow or require television and film to be. Offering separate chapters on television exhibition at movie theaters, cinematic representations of television, television-to-film and film-to-television adaptations, and television producers crossing over to film, the book explores how each zone of interaction invokes fervid debate of the roles that producers, audiences, and critics want and need each medium to play. From Game of Thrones to The TV Set, Bewitched to the Marvel Cinematic Universe, hundreds of TV shows and films are discussed. Television Goes to the Movies will be of interest to students and scholars of television studies, film studies, media studies, popular culture, adaptation studies, production studies, and media industries.
