Dr. June Bennet is great at helping other people start families, but her own life? Not so much. As the head of a fertility clinic, all she wants is some peace, quiet, and maybe to get her blood pressure under control. But when Kai Li—her brother's best friend, first crush, and the ridiculously handsome billionaire who could headline a K-drama—shows up back in town, “calm” goes out the window. Especially since the last time she saw him, he led her on, broke her heart, and disappeared overseas without a word. Escaping to New York is the only way to breathe—no expectations, no drama. Love? Marriage? That's for people who don't have dynasties to run. But then he sees June again. When Kai stumbles on June being attacked in broad daylight, everything changes. Protecting her becomes his number one priority. But spending time with her? *Adeline* Norah Vincent, 2015-04-07 “Daring . . . Vincent's psychological approach is intriguing.” — USA Today “Vincent is a sensitive recorder of a mind's movements as it shifts in and out of inspiration, and as it fights before submitting to despair.” — New York Times Book Review With poetic precision and psychological acuity, Norah Vincent's *Adeline* reimagines the events that brought Woolf to the banks of the River Ouse, offering us a denouement worthy of its protagonist. Channeling Virginia and Leonard Woolf, T. S. and Vivienne Eliot, Lytton Strachey, and Dora Carrington, Vincent lays bare their genius and their blind spots, their achievements and their failings, from the inside out. And haunting every page is *Adeline*, the name given to Virginia Stephen at birth, which becomes the source of Virginia's greatest consolation, and her greatest torment. Intellectually and emotionally disarming, *Adeline*—a vibrant portrait of Woolf and her social circle, the storied

Bloomsbury group, and a window into the darkness that both inspired and doomed them all—is a masterpiece in its own right by one of our most brilliant and daring writers. “Skillfully rendered and emotionally insightful.” — Publishers Weekly “[An] electrifyingly good novel . . . by a master of discomfort.” — New Statesman

*Edith Wharton in Context* Adeline R. Tintner,1999-09-27 Tintner provides a detailed analysis of the complex interplay between Wharton and James—how they influenced each other and how some of their writings operate as homages or personal jokes. So deeply was James in Wharton's confidence, Tintner argues, that he provided her with source models for a number of her characters. In addition, Wharton found in his fiction structures for her own, especially for *The Age of Innocence*. Tintner also brings her considerable knowledge of art history to bear in her study of art allusions in Wharton's work. Wharton's response both to the Italian painters active before Raphael and to the English Pre-Raphaelites of a generation before her own is analyzed here in three essays. These pieces demonstrate Wharton's sensibility to changes in art tastes and collecting, the inheritance of Rossetti's revolutionary paintings in the unfinished novel, *The Buccaneers*, and the importance of home in *The Glimpses of the Moon*, as demonstrated by Wharton's use of Tiepolo's fresco in the church of Scalzi. Tintner concludes by considering Wharton's literary legacy and who Wharton has figured in the imaginations of recent writers, including Richard Howard, Louis Auchincloss, and Cathleen Schine. Tintner finds some part of Wharton's personality or work evoked in a number of contemporary works and argues that this presence signals the beginning of an increasing influence.
