The Gift of Failure Dan Bongino, 2023-09-12 A Wall Street Journal Bestseller! Dan Bongino's brutally honest, deeply personal, unforgettable stories about how he transformed failures into victories will enthrall, entertain, and inspire readers. In *The Gift of Failure*, leading conservative commentator Dan Bongino identifies failures in his life and how those failures led to bigger and better things. With the same laser-focused intensity that has made him one of America's most popular voices, Bongino uncompromisingly cuts to the heart of failure with a collection that is inspirational, motivational, entertaining, touching, and redemptive. The former Secret Service agent currently hosts one of the country's most listened to radio programs along with a top-rated podcast and the popular Fox News television show, *Unfiltered*. Throughout his career, Bongino has helped trailblaze a fight for free speech and free expression, garnering many national headlines for taking on some of the biggest tech companies in the world to challenge their seemingly draconian censorship policies. Along the way, through his many David vs. Goliath battles, Bongino has learned the hard way why failure matters. In *The Gift of Failure*, he shares, in vivid detail, many of these experiences—from high-profile, front-page stories involving the drama behind Parler and Rumble, to never-before-shared personal tales covering his childhood, the Secret Service, the media, a recent serious health battle, and much more. Bongino's vulnerability coupled with his trademark in-your-face, unapologetic honesty and humor help illuminate many life lessons. This is unforgettable storytelling as only Bongino can deliver. Whether you agree with him or not, there's something here for everyone.

The Tweets of President Donald J. Trump Forefront Books, 2020-07-28 Love them or hate them, the tweets of President Donald J. Trump rule the Twitterverse. Until our last presidential campaign, television, particularly campaign ads, dominated the political landscape. But with the rise of Donald J. Trump came a new political tool: the internet. Trump used this to communicate instantly and very effectively with the American people. And it worked. Establishing his political positions by tweeting numerous times a day, Trump pulled a major upset by defeating Hillary Rodham Clinton to become the 45th president of the United States. Once in office, Trump did not abandon his penchant for using Twitter as his populist platform. Instead, he doubled down on it, making it his primary means of communicating with the American people. Knowing how effective a tweet can be, Trump once wrote, "Boom. I press it and within two seconds we have breaking news." With a massive Twitter following of 78 million by the spring of 2020, Trump's direct impact upon Americans cannot be dismissed,

nor can the value of his tweets as an essential part of the historical record be denied. To put the enormous impact of his tweets into perspective, Trump won the White House with 63 million votes—a number significantly lower than his massive Twitter following. Now you can read the collected tweets from President Donald J. Trump, from his inauguration through February 2020 in this historically significant collection.

Protecting the President Dan Bongino, 2021-01-12 Being a Secret Service agent is one of the most treacherous jobs in the world and never more so than in today's highly polarized America. Facing threats from fence jumpers and manifesto writers, and from fanatical terrorists and sophisticated spies, protecting the president is harder than ever. In an age of hyper-partisan politics, emotions are high and crazies are a dime a dozen. On top of that, with international tensions reaching a boiling point, it's harder than ever to determine friend from foe. Yet the President of the United States is in very real danger if the Secret Service doesn't change course soon and evolve with the rapidly changing threat environment. Highly motivated "bad guys" are already working on technologically advanced methodologies and are constantly striving to formulate the logistics of an attack on the White House. Eventually terrorist planners will find a way to acquire the technology, weapons, explosives, and know-how to make an attempt on the life of the President. The only question is "What are we going to do about it?" Protecting the President provides not only a rare insider glimpse of what the Secret Service does, but explores the challenges facing the agents today. Chock-full of relevant stories of protecting past presidents, veteran agent Dan Bongino explains how the agency can best protect the president today. This book covers how the Secret Service should • plan for a tactical assault by a terrorist attack team • prepare to respond to a severe medical emergency • train to handle a chemical or biological weapon attack • prepare for an attack using explosives • plan for 9-11 style attacks from the air and fire threats • and much more

Life Inside the Bubble Dan Bongino, 2021-01-12 Why would a successful, twelve-year Secret Service agent resign his position in the prime of his career to run for political office against all the odds? How does the Washington DC "Bubble"—a haze of lobbyists, cronyists, staff, acolytes, consultants, and bureaucrats—surrounding the President distort his view of the world? Take the journey with Dan Bongino from the tough streets of New York City where he was raised, and later patrolled as a member of the NYPD, to the White House as a member of the elite Presidential Protective Division, through his ultimate decision to resign from the Secret Service in the prime of his career to run for the United States Senate against the feared Maryland Democratic machine. Follow his experiences inside the Washington DC "Bubble" and uncover why a government that includes the incredibly dedicated people he encountered while within it continues to make tragic mistakes. Learn how... • Bureaucratic laziness allows the NSA collection scandal to continue • The Department of Justice's unwillingness to take on the tough cases allowed "Fast & Furious" to arm criminals • The Obama administration allowed US citizens to die in Benghazi in the worst dereliction of responsibility over security ever • The "Politics of Protection" leads to dangerous policies

that weaken our country and cost American lives “A rare peak inside the DC ‘Bubble’ which should be a wake-up call to every American.” —Sean Hannity

Fascism, Vulnerability, and the Escape from Freedom C. Jon Delogu, 2022 A worldwide struggle between democracy and authoritarianism set against a backdrop of global surveillance capitalism is unmistakable. Examples range from Myanmar, China, and the Philippines to Hungary, Turkey, Russia, and the United States. *Fascism, Vulnerability, and the Escape from Freedom* offers a multidisciplinary analysis drawing on psychology and literature to provide readers with a deeper understanding of the mechanisms that drive people to abandon democracy in favor of vertically organized authoritarianism and even fascism. In a comparative study of texts selected for their insights and occasional blind spots regarding fascist experiments of the past 100 years, Delogu examines fascism’s exploitation of fear (of change, loss, and death), disruption, and extreme inequality. The book offers an accessible and persuasive argument linking fascist authoritarianism, also called “right-wing populism,” to certain underlying conditions, such as a rise in us-versus-them thinking; distrust or simple apathy regarding democratic institutions, norms, and results; the vulnerabilities that result from extreme inequality (economic, social, racial); and addictions and codependency. Stressful events, such as a pandemic, an environmental disaster, or deep recession aggravate these harmful factors and make the fascist temptation, including the use of violence, almost irresistible. Delogu’s distinctive examination of texts that plumb the unconscious reveal linkages between actions and unavowable motives that purely historical and theoretical studies of fascism leave out. Erich Fromm’s neglected 1941 classic *Escape from Freedom* serves as a key reference in Delogu’s study, as does Robert Paxton’s authoritative history, *The Anatomy of Fascism* (2004). After underscoring the argument and urgent context around these two studies (Hitler’s Germany and George W. Bush’s post-9/11 America), Delogu examines novels, a diary, memoirs, and manifestos to show how vulnerability forces individuals to choose between exclusionary fascist authoritarianism and inclusive, collaborative democracy.

Soul Woundedness Paul Houston Blankenship-Lai, 2024-11-05 A profound exploration into the spiritual beliefs and practices of Seattle’s unhoused youth *Soul Woundedness* is an intimate, piercing book about everyday life for young adults living on the streets of Seattle. Based on over five years of research and as a participant-observer, Paul Houston Blankenship-Lai presents the personal experiences of “street kids,” highlighting how their spiritual beliefs and practices offer them comfort, a sense of community, and a feeling of belonging amidst their struggles. They also demonstrate how spirituality on the streets can alienate people from themselves and the world. The stories Blankenship-Lai tells here are about how social wounds go soul deep, and how seemingly antireligious spiritual practices, fashioned in an almost unlivable local world, help people create a life still worth living. By paying deep, sustained attention to what spirituality is like on the streets and what difference it makes, Blankenship-Lai uncovers an important, overlooked dimension in the experience and study of

homelessness. They invite us to enter these stories and to question how our own spiritual and otherwise practices can help create “a more loving love.” Aimed at a diverse audience, *Soul Woundedness* is a book not merely to educate but to transform. It is particularly relevant for those interested in spirituality’s role in addressing social inequities and underscores the importance of spiritual practices in overcoming adversity and promoting social change, making a compelling case for a world where everyone has a place to call home.

The Snowflakes' Revolt Amber Athey, 2023-03-21 The “snowflake” generation of college students didn’t simply melt away as expected, but rather, entered the workforce and hijacked mainstream media, using campus mob intimidation tactics to push America further to the left than ever before. Step onto a college campus, attend a street protest, flip to a legacy news network, tune in to a White House press briefing, and you’re likely to come down with a bad case of *déjà vu*. The media—composed almost entirely of liberal elites—along with the Democratic Party and its activists have long worked in tandem to make their ideas palatable to the public. But the media’s reliance on the left for relevance had an unwanted side effect: it’s been forced to genuflect to the most radical and most obnoxious—and, unfortunately, very influential—activists. Over the past decade, the zealous individuals once derided as college “snowflakes” by the right have taken over key cultural institutions, pushing the national conversation further to the left than ever before. These individuals have cohered into a potent clique that has employed campus mob tactics to orchestrate revolutions (and purges) at the *New York Times*, major publishing companies, and mega-corporations in Silicon Valley and beyond. Low-level staffers transform into Slacktivists, organizing protests through their company social media channels and WhatsApp group chats, eventually collecting enough digital signatures to wrestle management into submission. Amber Athey has witnessed it all come to fruition. She was the most vocal conservative at Georgetown University when academic freedom was first being suffocated by safe spaces and trigger warnings. After graduation, she covered liberal bias at colleges across the country, binged endless hours of cable news each day as a media reporter, and most recently embedded with the White House press corps as a correspondent. Part memoir, part investigation, and part prescription, this book will expose how modern media influences the American public with the coordinated assistance of left-wing politicians, think tanks, special interest groups, and “experts.” Finally, *The Snowflakes’ Revolt* will argue that the introduction of petulant radicals to this already volatile concoction will only accelerate the media’s collapse.

The Fight Dan Bongino, 2016-01-12 What events led a veteran Secret Service agent at the top of his profession, with no political experience, to resign his position and run for office, nearly pulling off the unlikeliest of upsets as a Republican in a deep-blue state? More importantly, what insight on issues from national and personal security to big politics can be gleaned from his successes as a Secret Service agent and failures in politics? As a former member of the elite Presidential Protection Division who served three Presidents, bestselling author Dan Bongino is uniquely qualified to provide a view from behind the

curtain to warn readers about the political system that is failing them, and the security future that won't protect them. -- Publisher.

The Dan Bongino Show Survival Guide Jim Verdi, 2024-06-11 When Rush Limbaugh sadly passed, a massive void in conservative radio had to be filled. This is the story of how The Dan Bongino Show became one of the most listened to radio shows and podcasts in the country, boasting one of the most loyal audiences in the business. Because of that, there are many elements that only the most avid listeners will know about: the golden rules, theories, and everything to make you a P1. Penned by show producer Jim Verdi, this book explains what these elements are and how they came to be such show staples, while also offering insight into how the radio show and the podcast are put together. After reading The Dan Bongino Show Survival Guide, you will be one of the many who—"If you know, you know."

Spygate Dan Bongino, D.C. McAllister, 2020-01-21 The New York Times and Wall Street Journal Bestseller! 'Spygate: The Attempted Sabotage of Donald J. Trump,' is terrific. He's tough, he's smart, and he really gets it. His book is on sale now. I highly recommend! —President of the United States, Donald J. Trump "An explosive account of the biggest scandal in American history, and the political players that tried to pull it off."—Sean Hannity The comprehensive story of how the Obama administration, Hillary Clinton campaign, and foreign entities tried to sabotage the Trump campaign in the 2016 presidential election. Everyone has an opinion about whether or not Donald Trump colluded with the Russians to defeat

Hillary Clinton in 2016. The number of actors involved is staggering, the events are complicated, and it's hard to know who or what to believe. Spygate bypasses opinion and brings facts together to expose the greatest political scandal in American history. Former Secret Service agent and NYPD police officer Dan Bongino joins forces with journalist D.C. McAllister to clear away fake news and show you how Trump's political opponents, both foreign and domestic, tried to sabotage his campaign and delegitimize his presidency. By following the names and connections of significant actors, the authors reveal: Why the Obama administration sent a spy connected to the Deep State into the Trump campaign How Russians were connected to the opposition research firm hired by the Clinton campaign to find dirt on Trump How the FBI failed to examine DNC computers after they were hacked, relying instead on the findings of a private company connected to the DNC and the Obama administration Why British intelligence played a role in building the collusion narrative What role Ukrainians played in legitimizing the perception that Trump was conspiring with the Russians How foreign players in the two events that kickstarted the Trump-Russia collusion investigation were connected to the Clinton Foundation, and What motivated the major actors who sought to frame the Trump campaign and secure a win for Hillary Clinton

Follow the Money Dan Bongino, 2020-10-06 As seen on The Ben Shapiro Show! *Follow the Money* exposes the labyrinth of connections between D.C.'s slimiest swamp creatures—Democrat operatives, lying informants, desperate and destructive FBI agents, Obama power brokers, CIA renegade John Brennan, George Soros, and more—who conspired to attack Trump by manufacturing one bogus scandal after another. Bestselling author, podcast favorite, and Fox News contributor Dan Bongino delivers the third and most shocking of his acclaimed series chronicling the Deep State war against Donald Trump. Starting with the Trump impeachment hearings, Bongino works forward and backward to piece together the connections of a vast, well-funded cabal of wealthy Democrats and D.C. swamp elite to the non-stop deluge of manufactured scandals launched specifically to attack, destabilize, and ultimately remove Trump and his administration. Zooming in on Ukraine, Bongino unspools a complex sequence of corruption—from the miraculous “discovery” of a mysterious black ledger that linked financial transactions to Trump campaign insider Paul Manafort and cast a shadow over the entire Trump team, to Joe Biden’s unexamined quid pro quo interference with Kyiv politics as he threatened to withhold a loan unless a prosecutor was removed from office. The former Secret Service agent exposes how Glenn Simpson, the corrupt cheerleader behind the lie-filled Steele dossier, wrangled millions from top Democrat donor George Soros to meddle in Ukraine politics. Bongino also reveals Soros’s desperate multimillion-dollar plan to stop Trump’s re-election. Using FBI documents, Bongino reveals the outrageous actions of Robert Mueller’s investigators, who sat on evidence that proved the supposedly damning Trump Tower meeting between a Russian lawyer and senior campaign officials was nothing more than a twenty-minute waste of time for all involved. Other chapters delve into the disturbing presence of Obama’s fixer, obstruction angel Kathryn “Kathy” Ruemmler, who represents a rogues gallery of Russiagate political operatives; the FBI’s inside source on the National Security Council, Anthony Ferrante, who dedicated himself to the fruitless task of trying to prove the Steele dossier was legitimate; and “Special Agent 1” Stephen M. Somma’s curious obsession with Lt. Gen. Michael Flynn, which was stoked by a Flynn-fixated paid operative named Stefan Halper. Flynn is the centerpiece of one of the book’s most revealing chapters, in which Bongino deconstructs the FBI’s elaborate takedown of Trump’s National Security Advisor, revealing how and why the three-star general was set up not once...but three times. Bongino also returns to the last, desperate attempt to derail Trump—the impeachment trial—and uncovers Adam Schiff’s lies and the Ukraine-call whistleblower’s multiple secret ties to never-Trumpers and Schiff himself. In the final chapter, Bongino unveils the newest front to stop Trump: the unleashing of COVID-19 from China and how the disease mutated from a killer plague in Wuhan to a weapon to destroy America’s economy and, with it, Trump’s re-election chances. *Follow the Money* displays dizzying detective work from a truly relentless, passionate, and patriotic reporter. An astonishing chronicle of the relentless war to destroy Donald Trump and his administration, this exposé is a must-read for anyone who wants to unravel the most shocking and corrupt campaign to unseat a sitting president in American history.
