Roman Wölfel

The Horseracing Formula , This powerful book by turf authority Walter Gibson shows experienced and novice handicappers how to profit by using winning strategies to beat the horses. This repackaged edition shows bettors learn how to analyze their real winning chances when playing favorites, middles odds and longshots, and the proper formula they need to win by betting each group. Twenty-five winning strategies are presented in seven concise chapters teaching horse goers how to find the best bets in a race, the middle odds and overlays; the weight factor; playing longshots; progressive betting systems; and the daily double, giving readers comprehensive coverage of picking winning horses. A classic with plenty of no-nonsense information.

Handicapping Secrets of the Horse Racing Fanatic Gordon Easton, 2005-05 The first weekend at the track after reading your book (Handicapping Secrets of the Horse Racing Fanatic) I won \$2,600.00! Thanks for all the great info. R. Kelley - Los Angeles, CA. ...Initially, I was looking for the plays on the pick six but actually evaluated them last. I would almost swear that I was privileged to look at an experienced horse player's soul. I believe this material needs more than reading, it should be studied and practiced. The author is certainly knowledgeable about the secrets of winning. For any serious horse player who is self taught or those who aspire to collect money from the race tracks, armed with just these techniques a loser could become a winner. I would heartily endorse this author. Thank you again, Jerry Smiley - NV Great book with tremendous insight to thoroughbred handicapping and wagering. -janishrj Gordon Easton's Pick-Six Formulas and other betting strategies are quite literally worth a fortune to any serious fan of horse racing. Add in the rest of the handicapping expertise he has picked up along the way, and you have a resource that no one who plays the ponies can afford to be without. Recommended without reservation! - Jay M. - Arlington, VA I failed to mention how informative the book you sent me is. Even with over 40-yr. of experience, I learned things about racing that I more than likely did not know, or just plain forgot about. It's a good book! Don Oerlemans - Westville, NJ Very well written and and super informative book. A++++++ -K.F. Great handicapping book for any horseracing fan. -bettyjean4771 Solid info and systems! -ciolek75 Very informative!! Easy to master. Thanks!! - A.T. Good and interesting info for any handicapper. Thanks. -C.T. Good tips and angles I haven't thought of before. Pick 6 strategies are great. -J.K. very interesting book, the stats alone are incredible. A+++ -J.J. Good insight to handicapping horses. -G.D. What makes Handicapping Secrets of The Horse Racing Fanatic your absolute best bet to put more money in

your pocket when wagering at the track? It's not just master handicapper Gordon Easton's four decades worth of powerful and proven betting systems... spot plays... and long-shot picking secrets, all brought together in one book for the first time anywhere. What sets this book apart from all the rest is that retired mathematics professor Gordon Easton is a mathematical genius specializing in Numbers Probability Theory, who gives his readers a complete set of plug and play betting formulas that will let you cover more horses and results for every dollar you bet, shaving the odds in your favor. For example: Most people never win a Pick Six because they don't have the hundreds of dollars needed to put a lot of horses on a single ticket. They will bet many \$2 tickets instead. They could end up with several tickets with 3 or 4 winners... but none with 5 or 6 for the big win. But, by using Gordon's formulas, you are guaranteed to line up at least five winners on one ticket if you get a winner in each race. You'll also have a decent chance at getting a Pick Six... without spending a fortune. For example: Pick Six Formula #1 covers 4 horses in 1 race... 3 horses in 3 races... and 2 singles (your most likely winners). To put all of these horses on one ticket would cost you \$216. Using Gordon's formula... you can do this for only \$24, with the guarantee of 5 or 6 winners on one ticket if you have a winner in each race. There is no other place on the planet you can find this kind of incredibly valuable knowledge.

Joseph, 2012-11-20 This formula needs no calculator. It is not complicated. There are only 4 factors to consider and all can be found on the racing program. This is a dream come true for most gamblers, and once you have learned all that is taught in the formula, I guarantee you this, you will never again be scared to go to the track. Gambling will be a pleasant thing - not painful. Never again will you have to think of what to say to your spouse after a day at the track, instead they will want to come along, just to make some money of their own.

Horse Racing Betting Secret System M C Horrocks, Introduction I must thank you for buying my book and appreciate any comments on the system. I have inserted my email address at the end of the book. Plus feel free to email me if you have any questions or need any help. This horse racing system took me approximately 12 months to computer model and test primarily around UK handicap horse races. Handicap horse racing fascinates me I find it a great puzzle to solve and love form variables like weight, official rating and many more. This horse racing system has four simple steps that find winners daily and I have outlined tips
