Medicine and Western Civilization David J. Rothman, Steven Marcus, Stephanie A. Kiceluk, 1995 This fabulous anthology is sure to be a core text for history of medicine and social science classes in colleges across the country. In order to demonstrate how medical research has influenced Western cultural perspectives, the editors have collected original works from 61 different authors around nine major themes (among them Anatomy and Destiny, Psyche and Soma, and The Construction of Pain, Suffering, and Death). The authors range from Aristotle, the Bible, and Louis Pasteur, to Masters and Johnson, Ernest Hemingway, and Simone de Beauvoir. The primary sources selected to illustrate the themes are well chosen and contrast with each other nicely. However, the brief background material for the selections center around the authors and offer little or no discussion about the selections' relevance to the topics at hand. This book would be best read in a class or

group where the texts' meaning in relation to each other can be discussed, but the book can stand alone if the reader is prepared to do some critical thinking.

Representing Native Americans in Jim Jarmusch's "Dead man" Issam El Masmodi,2020-07-24 Essay from the year 2020 in the subject Film Science, grade: 14/20, Sultan Moulay Sliman University, language: English, abstract: This paper tends to shed light on one of the fundamental concepts in media studies, which is representation. While talking about minorities such as Natives Americans, representation becomes a process of stereotyping. The white American culture has always misrepresented Native Americans by associating them with derogatory descriptions. However, movies such as *Dead Man* came to recognize the differences among races throughout the history of America since Christophe Columbus discovered it. This paper also highlights other significant terms in postmodern and postcolonial thought such as rewriting history and intertextuality. As it provides a semiotic reading of *Dead Man* using the theories of Roland Barthes and other significant figures in this field.

Hemingway's In Our Time Wendolyn E. Tetlow,1992 Many scholars consider *In Our Time* to be Hemingway's finest work, yet the cohesiveness of this sequence of stories and interchapters has often been questioned. Hemingway himself, however, had a clear idea of the work's integrity, as his manuscripts and letters reveal. As he wrote to his publisher Horace Liveright on 31 March 1925, There is nothing in the book that has not a definite place in its organization and if I at any time seem to repeat myself I have a good reason for doing so (Selected Letters, 154). According to Ms. Tetlow, author of this thoughtful study of Hemingway's *In Our Time*, the relationship among the stories and interchapters is precisely analogous to that within a modern poetic sequence as characterized by M.L. Rosenthal and Sally M. Gall in *The Modern Poetic Sequence: The Genius of Modern Poetry: . . . a grouping of mainly lyric poems and passages, rarely uniform in pattern, which tend to interact as an organic whole. It usually includes narrative and dramatic elements, and ratiocinative ones as well, but its structure is finally lyrical* (9). The structure of *In Our time*, then, is similar to such works as Ezra Pound's *Hugh Selwyn Mauberley* and T.S. Eliot's *The Waste Land*, works that progress tonally. Looking closely at the language of *In Our Time*, Ms. Tetlow pays

particular attention to recurring images and sounds, and the successive sets of feeling these tonal complexes project. She traces the lyrical pattern in the sequence as it builds in intensity from denial of fear, suffering, and death in the first stories and early interchapters, and then traces the progression to cautious resignation in the latter stories and interchapters. The author also takes into account the importance for Hemingway of Pound's and Eliot's aesthetics and demonstrates how Eliot's idea of the objective correlative and Pound's idea of direct treatment of the 'thing' apply to Hemingway's stories and interchapters (Literary Essays, 3). Opening with a discussion of the six prose pieces in the original version--the shorter *In Our Time* (1923)--the study considers the aesthetic choices Hemingway made in revising these pieces when he incorporated them in his longer sequence of eighteen in *In Our Time* (1924). The study then discusses the lyrical progression of the prose sequence in the fully developed volume *In Our Time* (1925). Finally, it looks at *A Farewell to Arms* and shows how the lyrical structure of *In Our Time* anticipates the longer work with its more continuous narrative pattern.--BOOK JACKET.Title Summary field provided by Blackwell North America, Inc.
