FDR Drive James Comey, 2025-05-20 In a new legal thriller by the former director of the FBI, federal prosecutor Nora Carleton and legendary investigator Benny Dugan confront a deadly sect of political extremists. After a stint in the private sector, working at the largest hedge fund in the world, Nora Carleton has returned to her former role as a New York City federal prosecutor. And she's arrived just in time to face one of the most dangerous domestic terror attacks in the history of the city. A threat is building in the city, with far right extremism powered by internet demagogues and funded by shadowy organizations. Together with legendary investigator Benny Dugan and aided by colleagues at the FBI, Nora builds a case against one of the key players in this burgeoning movement, arguing before a jury that some speech is actually a deadly crime. But the menace taking root is far bigger than any courtroom, and as the militants target an upcoming United Nations rally, Nora and her team must race to disrupt the plans and minimize casualties. At once a fast-paced legal thriller and a close look at the very real perils of political extremism, FDR Drive harnesses former FBI director James Comey's life experience to tell an authentic and compelling narrative that readers won't soon forget.

DAYS of TRUMP: The Definitive Chronology of the 45th President of the United States Tim Devine, 2022-01-22 With over 400 photos, documents and interactive links, DAYS of TRUMP: The Definitive Chronology of the 45th President of the United States may be the most comprehensive resource for political historians and lay people alike digging even deeper into the whirlwind days of the Trump presidency than any book released to date. Days of Trump is a chronological, collected look back at all the significant (and even secondary) events and headlines of the Trump era that for the first time puts it all together in one place, giving the reader and historians the chance to better see how these myriad events all fit into place and where we are left as a nation.

It's the Time Angelo Alfaro Sr., 2021-03-11 Angelo Alfaro Sr. He decided to write this book during the Pandemic, and during all the political troubles we have had, in the last year, and his reaction it's the Time to say things by his name. Thanks to 52 years living in this great nation, having seen and observed 10 different governments, from Lyndon B. Johnson. He can no longer be silent about the injustices that are against ordinary citizens. I hope this book is of great help since the Constitution of the USA is included for the ordinary citizen, I know about his rights and know what is happening in the country; It's the time to become aware and be aware, which is the only legacy that we leave to our children, it is the well-

being of the country and the world. The primary basis of this work is to give the reader the confidence, and the security of getting to know, asking the proper questions, it does not matter its origin, religion, economy, or social level, since this work is inspired by the Ordinary citizen, Angelo Alfaro Sr., because he is a man at the head of the family, believes that it is his duty and obligation to leave his ideas and written notes, for the ordinary citizen and future generations, to achieve a better quality of life.

Saving Justice James Comey, 2021-01-12 James Comey, former FBI Director and New York Times bestselling author of *A Higher Loyalty*, uses his long career in federal law enforcement to explore issues of justice and fairness in the US justice system. James Comey might best be known as the FBI director that Donald Trump fired in 2017, but he's had a long, varied career in the law and justice system. He knows better than most just what a force for good the US justice system can be, and how far afield it has strayed during the Trump Presidency. In his much-anticipated follow-up to *A Higher Loyalty*, Comey uses anecdotes and lessons from his career to show how the federal justice system works. From prosecuting mobsters as an Assistant US Attorney in the Southern District of New York in the 1980s to grappling with the legalities of anti-terrorism work as the Deputy Attorney General in the early 2000s to, of course, his tumultuous stint as FBI director beginning in 2013, Comey shows just how essential it is to pursue the primacy of truth for federal law enforcement. *Saving Justice* is gracefully written and honestly told, a clarion call for a return to fairness and equity in the law.

Compromised Seamus Bruner, 2018-08-16 If you ask most Americans what they think about the FBI, they would tell you it's far and away the government agency they trust the most. The Bureau has, for decades, sold an image of itself as efficient, professional, unbiased, and untouchable by corruption. That portrait is a sham. Seamus Bruner and the Government Accountability Institute have spent years cataloging the widespread conflict-of-interests of the D.C. political class. They have found massive self-enrichment and political bias at the highest levels of government—including the Justice Department and the FBI. Indeed, the nation's most important law enforcement agency has become so compromised that every major investigation should face intense scrutiny from the public, the media, and from Congress. James Comey, Robert Mueller, Andrew McCabe, and the rest of the recent FBI leadership should be forced to answer for the way the Bureau has abused the public trust under their watch.

Central Park West James Comey,2024-05-07 A Newsweek and Reader's Digest most-anticipated read of 2023. In the thrilling first crime novel from the former director of the FBI, a murder investigation reveals deadly connections between high-ranking politicians and the mafia. The gripping crime fiction debut from former FBI director James Comey takes readers deep inside the world of lawyers and investigators working to solve a murder while navigating the treacherous currents of modern politics and the mob. When a years-long case against a powerful mobster finally cracks and an unimpeachable witness takes the stand, federal prosecutor Nora Carleton is looking forward to putting the defendant away for good. The mobster, though, has other plans. As the witness's testimony concludes, a note is passed to the prosecution offering up information into the assassination of a disgraced former New York governor, murdered in his penthouse apartment just days before. It's enough to blow the case wide open, and to send Nora into a high-stakes investigation of conspiracy, corruption, and danger. Drawing from the author's decades in federal law enforcement, including his years in Manhattan as a mob prosecutor and later the chief federal prosecutor, *Central Park West* is a fast-paced legal thriller with an intriguing plot enriched by real-life details and experiences. That unique perspective gives the novel much of its allure, but it's the unforgettable characters, shocking twists, and courtroom scenes as authentic as they are dramatic that will leave readers

looking forward to more from this bold new talent in the genre.
