Designed to Become More Donnie L Nelson,2018-01-22 Why do people become successful? They discover what they are born to become. They discovered their unique design. LeBron James, Bill Gates, Elon Musk, Oprah Winfrey, Steve Jobs, Warren Buffett and Martin Luther King Jr all discovered their area of gifting. When you think of all the ones named above what do you think about? You think of them according to their design. When you think of LeBron James, you think basketball player because that's what he was designed to do. Your design, who you are to become is ultimately liable for your achievements in life, and it's the key function to ending all of your life's problems and struggles. Finding your design is a part of learning who you truly are. If you are not on a continuous hunt to find out who you are, you become confused, and issues of personal identity become a challenge and success becomes a struggle. Many things in your life will depend on your ability to find your originality, your unique design and the functions that God placed within you. When people think of you, what do they think about? What functions were you born with? What are your natural abilities? What were you created to do? What's your why? Where is your success located? What is your contribution to mankind? What are you gifted at? You will find the answer to all of these questions within the context of this book to help you discover your unique design. Once you discover those answers. They will make you valuable. When you become valuable, you attract success beyond your imagination.

Daily Reflections for Educators, Coaches, Leaders, and Life Constant Hine,2024-06-25 With Daily Reflections for Educators, Coaches, Leaders, and Life, build a practice of daily reflection to transform your teaching and leadership.

Reflection is the best way to bring “sticky” sustainable change. Developing a reflective mindset helps us become self-empowered, lifelong problem solvers who create meaningful and fulfilling lives both personally and professionally. Coaches, leaders, and all agents of change in early childhood education need to hone their own reflective practices not only to gain self-awareness and make mindful decisions but also to facilitate reflection with the people they support. Through reflection, we make intentional choices to achieve the success we desire. Reflection is not an event, not just an activity, but a lifestyle. This book offers 12 reflective themes for cultivating both personal and professional self-realization and becoming a transformational change agent who helps others do the same. There are 365 entries, one for each day of the year. Each entry has a quotation with a commentary to feed the day’s reflection, as well as a suggestion for reflective practice. One entry every week offers the opportunity to review the previous week or sets up a focus for the coming week.

Going Through Gethsemane Chris Dougherty, 2020-11-12 Have you been there? Have you been in place where you felt abandoned, forgotten, down trodden and without hope. If you have, join the crowd. We all have at some point in our lives. The author considers the dark times as Gethsemane moments. This inspirational book explores these times and more importantly offers encouragement and possible ways to get through Gethsemane. Life is beautiful, yet into every life comes periods of darkness, or you can call them Gethsemane moments, we can and must go through Gethsemane.

The Successful Teacher's Survival Kit Dale Ripley, 2018-12-14 If you have ever had the opportunity to observe a master craftsperson at work, one of the first things you will notice is how easy they make their work look. This principle applies to artists, athletes, plumbers and painters. It also applies to teachers. If you were fortunate enough to have some master teachers in your K to 12 schooling or for your university student teaching, you will have seen this principle at work. You will recall how easy they made teaching look. For the most part, their classes just flowed. The teacher would ask the students to

do something, and the students did it. The teacher would cue the kids to transition into a new activity, and the kids transitioned. There was little conflict, few arguments, and the vast majority of classroom time was spent engaged in learning. It is a pleasure to observe these kinds of behaviors in the classrooms of master teachers, but this leaves us with an important question: how do they do it? Just how did these teachers get their students to be so cooperative and have their classroom running so smoothly? That is what THE SUCCESSFUL TEACHER'S SURVIVAL KIT: 83 simple things that successful teachers do to thrive in the classroom will show you – the kinds of things that master teachers do to make their classes work – both for themselves and for their students. You too can become a master teacher. This book will show you how.

Unleash Your Imagination Dennis Kleidon, 2022-04-05 Unleash Your Imagination is all about the wonderful adventure of developing a vision for a new life. Written by acclaimed fine artist and designer Dennis Kleidon, Unleash shows how to use design thinking to challenge your normal routines, increase the power of your imagination, and harness new sources of creativity. A designer's approach encourages an open mind and curious spirit, leading to fresh solutions you may never have imagined. By approaching change like a designer, you can find your life's purpose and shape a direction guided by it. Both analytical and creative, this process replaces blank-page panic with the thrill of new possibilities. Unleash Your Imagination brings in the wisdom of many artists, architects, and designers, from ancient philosophers to today's leaders in positive psychology, letting great thinkers guide you toward an exciting future of optimism, happiness, and achievement. Kleidon reminds us that we are each responsible for our life and for designing our life. As Buckminster Fuller said, "You never change things by fighting the existing reality. To change something, build a new model that makes the existing model obsolete." As the designer of your life and with Unleash Your Imagination as your guide, you can plan an extraordinary life with greater purpose and meaning. This is especially useful if you are facing or planning for an important turning point in life. Unleash helps you think through the process of change by using your imagination to unleash your long-standing desires and integrate them into your current life. Changing in this authentic way can enhance the quality of your life. It can let you go beyond yourself to contribute to the world. Life is a continuous design process, Kleidon says, as he describes a thoughtful, methodical approach to discovery, experimentation, and planning.

Principles for Living in Dominion Archiebald Wollo,2020-10-09 "People everywhere are struggling to find the true meaning to their lives in this world. It seems like everything is getting out of control; countries, governments, societies, economies, families, organizations, and in many instances, our faith. The human family seems to be in a perpetual crisis that they cannot pull themselves from. This crisis has made mankind vulnerable to his environment and the natural creation of the earth; and the more we try to solve these problems, the worse the problems seem to get. Who has the authority and ability to bring stability in the earth to solve these problems we are faced with and maintain peaceful and stable environment by which all creation can thrive? Why are we not breaking through? What is it we are doing wrong? Why do we constantly struggle with these questions? Why can't we find the answers that addressed these questions? In the midst of all of these experiences, the number one question in the heart of many people is: Can there be solutions to these problems we are face?" And the answer is YES! Principles for Living in Dominion (The answers to all mankind dilemmas) was written to answer these fundamental questions and to also take you into the mind of the Creator about who we are and how we were designed to function on the earth. There are 41 principles identified from the word of God that reveal the secret solution to all of our dilemmas. As you read and learn these principles and apply them to your daily living, you will grow and flourish, finding the joy and fulfillment that only life in the purpose of God can bring."
