*Building Tomorrow's Leaders Today* Michael A. Genovese, 2013-12-04 This book focuses on leadership -- what it is, how it works, and how complex, multi-layered and multi-dimensional it is -- and how it will change in the years ahead. If we are to build tomorrow's leaders today, we need to anticipate what skills, temperaments, and specific competencies will be valuable as we face future needs. If the past is a predictor of the future, the world of tomorrow will be characterized by rapid change, new technology, greater diversity, increased globalization, and the need for lifelong learning. As a political scientist and presidential scholar, Michael Genovese incorporates a wide range of disciplinary perspectives and research on leadership in this book to give students, practitioners, and leadership scholars a welcome and engaging look to the future.

*Become An Effective Reader Today* Onkeme Letshwiti, 2020-07-03 Personally, I strongly believe that tomorrow's progressive and well informed leaders are today's effective readers. Today a reader, tomorrow a leader. -Margaret Fuller. Being a leader anywhere, you should know that you will not become effective in your leadership going forward, unless you're an effective reader today. As a leader, don't wish to get to the coming days without reading. Reading must be the reason you should make part of tomorrow's top global leadership. I decided to compile some material to help readers to be more effective in their reading and non-readers to develop a passion to start reading. With the material, the aim is to outline the importance of reading and encourage people to start or continue reading and encourage others to do the same.

**The Unlearning Leader** Michael Lubelfeld, Nick Polyak, 2017-02-15 The Unlearning Leader is about how today's leaders need to connect for success. The premise of this book is that we all need to unlearn. The learning purposes of this book include: Energize people to think, act, and lead differently. Embody innovative mindsets. Model and share new ways of leading from within the organization. Put forth the power and positive impact and legacy for leadership. Unlearn old truths to lead in new ways. Leverage connection opportunities like #suptchat to lead and learn for tomorrow.
