HISTORIA MODERNA: EUROPA, ÁFRICA, ASIA Y AMÉRICA MARTÍNEZ SHAW Carlos ,ALFONSO MOLA Marina ,2015-07-07 Una síntesis sobre la Edad Moderna debe tener en cuenta la novedad radical de la época, su signo de identidad más original, el que la define con un solo trazo caligráfico: la aparición de una auténtica historia universal. Los descubrimientos geográficos de los siglos XV y XVI permitieron establecer una comunicación y una serie de intercambios permanentes (humanos, económicos, culturales) entre los distintos continentes: fueron el acta de nacimiento de un solo mundo. Este volumen pretende enfatizar tanto el desarrollo autónomo de esos continentes (Europa, África, Asia, América), huyendo de la tentación eurocéntrica presente en las visiones tradicionales de nuestro pasado, como el alcance de los vínculos que los conectaron entre sí a lo largo de los tres siglos que alumbraron uno de los acontecimientos más relevantes de la historia: la primera globalización.

Examining Colonial Wars and Their Impact on Contemporary Military History Madueño, Miguel,Guerrero, Alberto,2023-03-28 Colonial wars have been a very active part of 19th and 20th century history and their importance has often been overlooked. Their study and analysis, in order to understand the contemporary world and current international relations, is as necessary as it is interesting. Examining Colonial Wars and Their Impact on Contemporary Military History approaches the phenomenon of colonial wars with the intention of understanding the most immediate past in order to analyze the contemporary and current scenarios with new tools. It contributes to the dissemination of content without neglecting the considerations of social sciences and history, with a compilation and analytical character. Covering topics such as black-market armaments, imperialism, and military history, this premier reference source is a dynamic resource for historians, anthropologists, sociologists, government officials, students and educators of higher education, librarians, researchers, and academicians.

Lifestyle Migration and Colonial Traces in Malaysia and Panama Michaela Benson,Karen O'Reilly,2018-05-08

Leading scholars in the sociology of migration, Michaela Benson and Karen O'Reilly, re-theorise lifestyle migration through a sustained focus on postcolonialism at its intersections with neoliberalism. This book provides an in-depth analysis of the interplay of colonial traces and neoliberal presents, the relationship between residential tourism and economic development, and the governance and regulation of lifestyle migration. Drawing on ethnographic fieldwork undertaken by the authors among lifestyle migrants in Malaysia and Panama, they reveal the structural and material conditions that support migration and how these are embodied by migrant subjects, while also highlighting their agency within this process. This rigorous work marks an important contribution to emerging debates surrounding privileged migration and mobility. It will appeal to sociologists, social theorists, human and cultural geographers, economists, social psychologists, demographers, social anthropologists,tourism and migration studies specialists.
