**Gender, Violence, and Justice** Pamela Cooper-White, 2019-03-20 Gender, Violence, and Justice is a volume of collected essays by an expert in the field of violence against women and pastoral theology. It represents over three decades of research, advocacy, and pastoral theological reflection on the subject of sexual and domestic violence. Topics include intimate partner violence, sexual abuse and trauma, and clergy sexual misconduct; controversial theological issues such as forgiveness; and, as well, positive frameworks for fostering well-being in families, church, and society. Framed by a foreword and an introduction that place this work in the context of new and contemporary challenges in theory and practice, these

essays show an evolution of issues and frameworks for theology, care, and activism arising over time from the movement to end violence against women (both within and beyond religious communities)--while at the same time demonstrating an unchanging core commitment to gender justice.

*Couples Therapy Workbook* Katerina Griffith, 2019-08 What if I told you there was a magic recipe for making a relationship work? I'm sure you wouldn't believe me, and for good reason! It's easy to see how difficult relationships can be. If there was a totally effective method for happy, healthy relationships out there, surely someone would have packaged it up and sold it by now, right? What is Couples Therapy and What is Couples Counseling? Couples therapy and couples counseling usually mean the same thing. There is no difference between them on a technical level. While couples therapy can be a great way to reconnect with your partner or m a magic recipe for making a relationship end the differences between you, there are many ways to make sure you keep the spark alive and the relationship healthy without seeing a professional. There are many resources out there that draw from theories or research in couples therapy. It's never too late (or too early) to start putting a little more effort into your relationship. If you would like to improve your connection, choose one or two of the activities and exercises described below to practice with your partner. How to Know if You Need Marriage Counseling If your marriage is having problems, you definitely should not wait too long to seek professional help. It may be hard to find the right counselor with the skills to help your relationship, but they are out there and willing to help. There are ways to to find a counselor specializing in marriage or couples therapy. You may have to meet with more than one to find the right fit. There are also ways to gauge if counseling will actually work for your marriage. Fortunately, we do have some information on the types of couples that get the most, and the least, from marriage counseling. Here are some questions to consider: Did you marry at an early age? Did you not graduate from high school? Are you in a low-income bracket? Are you in an inter-faith marriage? Did your parents divorce? Do you often criticize one another? Is there a lot of defensiveness in your marriage? Do you tend to withdraw from one another? Do you feel contempt and anger for one another? Do you believe your communication is poor? Is there a presence of infidelity, addiction, or abuse in your marriage? If you answered yes to most of these questions, then you are statistically a higher risk for divorce. It does not mean that divorce is inevitable, it may mean that you have to work much harder to keep your relationship on track. Those couples who have realistic expectations of one another and their marriage, communicate well, use conflict resolution skills, and are compatible with one another are less at risk for divorce. Don't Wait to Get Help If you think your marriage is in trouble, do not wait. Seek help as soon as possible. Plan to budget the money and time in this treatment. The longer you wait, the hard it will be to get your relationship back on track. Be sure to find professional couples counseling or attend a marriage course or weekend experience as soon as warning signs appear.
