Stories from the Law of Attraction Judi Mason, 2018-04-19 Stories can make us laugh, they can make us cry and they can inspire and teach us. This book includes a collection of real life stories from people of all ages, all over the world. Their accounts are both funny and inspiring. What would you like to create? -Better health? - Stronger relationships? -More wealth and abundance in your life? The basic principle of The Law of Attraction is what we focus on - we create. Here you will find many examples of people manifesting what they wanted including money, love, jobs, friends, even a diamond, and sometimes what wasn't wanted. You know the old saying Be careful what you ask for, you just may get it. To help you to focus more clearly on what you want, there is a section on inspired actions, which talks about creating vision boards and books, meditation, visualization and more. I have had many teachers and read numerous books. Through all of the teachings, one message is the same You are the Creator! Read this book, enjoy the stories and let yourself be reminded of your own stories and reawaken the belief and the certainty that yes I know this and yes it is possible. Sometimes we just need to be reminded of our own power.
