## J. Earl Shoaff

How to Become a Millionaire! J. Earl Shoaff,2017-02 J. Earl Shoaff, Jim Rohn's personal mentor, gives the presentation that changed Jim's life! Anyone who ever heard Jim Rohn speak, knows the impact that Earl Shoaff had on his life. Here is a transcription of the recording of the presentation by Earl Shoaff that changed Jim's life and provides the secrets to his success. By the time Jim Rohn reached the age of 25, he was married, had a family and worked as a stock clerk at Sears earning \$57 a week take home pay. Finding himself falling behind on his bills, and with nothing in the bank to fall back on, he knew he wanted more out of life but had no idea on how to make it happen. Then something happened to him that changed his life forever and gave him the answers he was looking for. The same good fortune that happened to Jim all those years ago is about to happen to you! One of Jim's friends told him about a man he had gone to work for. This man was very rich and wise. He had an incredible philosophy about life and he was easy to talk to. His friend talked about this man so much that Jim's curiosity got the better of him and he went to hear what this man had to say. Jim walked into the room and took a seat. He really didn't know what to expect, but he kept an open mind and listened intently as the speaker opened his eyes to a world he never knew existed. A world where you could truly be anything you wanted to be and you could have anything you wanted to have! Jim said of the experience, To this day, I can't tell you exactly what he said, I just knew that I would have given anything to be like him. Then, standing at the back of the room, he got an idea. He thought that, somehow, if he could just get around this man, maybe he could learn the secrets of wealth and happiness.

*The Millionaire Maker Lecture* J. Earl Shoaff,2022-07-20 I'm going to lay down a simple basic way and you can have anything material you want to have and you can be anything you want to be, and it's a simple basic situation. There's absolutely no problem to it. These are scientific things that work every time if you will do it in a simple way. Now, the first thing we want to become aware of is we want to be like farmers. We are going to plant seeds, and these seeds that we plant are the seeds that we're going to reap. Now we're all aware that if we plant a seed of tomatoes, we are not going to get cucumbers--we're going to get tomatoes. If you plant a watermelon seed, you're not going to get grapefruit. You're not going to get radishes. If you want radishes, folks, you're going to have to plant radish seeds. And when you plant a seed in the earth, you must plant it properly. If you do not plant it properly, you will not have the harvest. One of the major problems in our country today for the average person is they take the time and the effort to buy all the harvesting equipment, but they do

not understand the planting and the cultivating. We want to reap harvest, but we do not want to take the time to plant, and we do not want to take the time to cultivate. Now the planting of the seeds in the earth is basically and absolutely the same process that you use in the mental world. We are born with a conscious mind and a sub-conscious mind. We are the only animal in the kingdom that have both the conscious and the sub-conscious mind--a mind that can decide anytime in life where we want to go or what we want or what we don't want. We can decide with this accomplished mind of ours if we want to do a thing or if we don't want to do a thing. We can decide if we want to eat or if we don't want to eat. We can decide if we want a drink, or if we don't want a drink. We can decide what we want in life in a home, in an automobile, in the clothes we wear, anything that we want in this world--any type of furniture, any type of a home, any type of an anything. We decide at anytime. Now, where most people are making mistakes is that they simply set their goals down. Now, what are your goals? Write them down. A fellow says, I want a house, a car, some furniture, I want some money. And this is the way they set their goals.
