Save_&_Rebuild_Your_Heart_Program.pdf Rev. Joe Futterer, 2012 If you've had heart failure, or even other heart problems, this program will show you a nutritional approach to saving and rebuilding your heart. The author has experienced heart failure and, while working with his cardiologist, he stepped outside of the medical model and used his knowledge of nutrients and researched further into specific nutrients. This process strengthened his heart, shrunk his enlarged heart, increased his ejection fraction, and improved his vitality. His cardiologist calls him miracle. A great step by step how to guide. Excellent info on where to buy the individual supplements at the lowest cost for the highest quality. Excellent reference section, very educational. The author has addressed a single, specific health issue (congestive heart failure) that affects a large number of people, and the story he tells is his own story. Not only that, but the research he describes is real research, done on himself, well documented, of the kind that any medical researcher could be proud of. Furthermore, the natural remedies he describes as part of his recovery regimen have all been thoroughly researched, and the documentation to back up his claims is included in a very extensive references section. Anybody who would like to vet this information for themselves will find all the tools available to do it at their fingertips. One of the aspects you will appreciate is the sense of empowerment that the author conveys to you. He shows you how you can become your own health mentor and how to make healthy choices in your life. This is truly a self-help book. It's not often you come across a self help book that truly gives you easy to understand information. Why modern medicine refuses to admit that there are natural remedies available that can strengthen the heart, is beyond belief. Why should people have to endure horrible side effects from chemicals when supplements are less likely to cause problems for patients? This book can really give you hope that you can have the power to make a difference in your health regardless of what disease. It is simple and functional in its step by step approach, but very informative with supporting references. It seems to have a lot to do with our belief systems, and in believing in nature's substances rather than just the chemicals offered by the pharmacy. A powerful theme is that the human body has the ability to repair and renew itself. Traditional thought has downplayed this in the past, but even brain and heart cells do regenerate as we are finding out now. However you must provide your body with the nutritional materials or building blocks to do this. This book saves many hours of research about supplements.

Politicide - New PDF Version Victor Sharpe, 2011-12 This third volume of Politicide, like the two previous volumes, is a

further compilation of the highly acclaimed and published articles written by the author over a period of many years. Each chapter details various aspects of the Arab and Muslim war against Israel, the total refusal by the Muslim and Arab world to accept the rebirth of Israel in its ancestral homeland, and the relentless attempts to murder the embattled Jewish State. Politicide is the word originally coined by an Israeli statesman to describe just such an act of State murder. This book is a must read for all who wish to better understand the background to the conflict. It provides an easily readable account of the Biblical and post-Biblical history of the Jewish homeland along with an immense amount of vital and current information.

Women and Financial Education Evidence, Policy Responses and Guidance OECD,2013-10-16 This book provides policy guidance to help policy makers address women's and girls' needs for financial education, and a comprehensive analysis of the current status of knowledge on gender differences in financial literacy and policy responses in terms of financial education for women and girls.

The Future of Consumer Credit Regulation Michelle Kelly-Louw,Peter Rott,2016-12-05 Effective regulation of consumer credit in modern society is an ever-changing challenge. As new forms of credit emerge in free societies, regulation often lags behind. This volume explores contemporary problems related to the regulation of consumer credit in market economies with a focus on credit extended to the most vulnerable and poorest members of the community. Written by experts in the field of consumer credit regulation from Europe, North America, Australia and South Africa, the book examines some of the most important consumer credit issues facing consumers today and proposes innovative ways to protect the consumer interest in those markets.

Determining Marijuana Use in the Age of Legalization G. Scott Graham,2019-03-31 A Guide to Understanding THC Consumption, Potency, and Measurement In an era where marijuana legalization is rapidly reshaping social norms, *Determining Marijuana Use in the Age of Legalization* is a must-read for health professionals, counselors, policymakers, and anyone seeking clarity in the murky waters of cannabis consumption. Marijuana is no longer just a bag of unknown potency sold in the shadows—it's now a regulated industry with dispensaries offering a wide variety of products, from edibles to vapes. But how do we measure marijuana consumption in a meaningful way? How do we determine what constitutes moderate, excessive, or problematic use when THC potency varies dramatically across different products? Unlike alcohol, where standardized measurements exist, marijuana lacks a universal framework for quantifying use. This book provides a practical system to measure THC consumption, offering a science-based approach that helps: Clinicians and counselors assess marijuana use levels in their clients with accuracy. Public health professionals establish clear guidelines for responsible consumption. Individuals and educators understand how different products impact the body. Policymakers navigate the complex landscape of legalization with data-driven insights. With real-world examples, easy-to-follow calculations, and a breakdown of industry myths and biases, *Determining Marijuana Use in the Age of Legalization* bridges

the gap between legal cannabis and informed public health practices. If you're looking for a straightforward, no-nonsense guide to understanding modern marijuana use, this book is your essential resource.

How to Write Less and Profit More - A Rich Adventure In Short Read Kindle Publishing Robert C. Worstell, 2016-01-16 Hidden in the book you're writing right now is a way to get more royalties. There's a growing group of readers which Amazon has been catering to with their Kindle Short Reads. They are called CBR's - coffee break readers. They're not just people who have never read longer books before... They're anyone who has limited time to read for whatever reason. Their commute, their lunch break, while waiting at airports... These people aren't stuck into a certain author, it's more like the certain type of entertainment they want: short ebooks which they can read in their available time. The simple idea is that you can spend two months writing and editing an 80,000 word book and sell it for 4.99 on Kindle. Or - you could publish eight 10,000 word books and publish them for 2.99, then come right back to offer the box set for 4.99. Would you like to make more income for the same amount of writing? Your choice. Scroll up to get your copy today.

The Hook, Line and Sinker [first Edition] Stephen Edoh O, 2021-11-03 You can live happily every day, renowned seasonal coach-Stephen Edoh suggests, but you must discern the Peace-maker within you and allow Him into your heart. God didn't create you to live a shattered life. You were created to excel! Everything you need to enjoy your God-given happiness is within you and there is no limit to how happy you can be in time! The Hook, Line and Sinker will guide you in uncovering your hidden happiness. Addressing such topics as Jesus is with you, Oceans, Way maker, New wine, and lots more, Stephen Edoh will assist you in relishing your God-given Joy. He will help you enjoy every day of your life, despite your circumstances.

As you incorporate Steve's easy-to-grasp principles into your life, you will be pleasantly surprised at how much more God has in store for you - and how quickly Christ happens in the odd moments of life! Jesus Christ is the centre of human existence and the restorer of every man's happiness. He is the only begotten of the Father, sent to redeem humanity from the stronghold of Satan. Without a doubt, He delights in seeing us rejoice, and that's why He pioneers this book to restore the Joy of those lost in the shuffle. Many people have lost their hope in existence. While some are on the brink of passing into extinction. Sadly, most people find none to prevail as the sinker that will balance their life, and it has led them to total frustration. Indeed, for that course, Jesus Happened! Jesus Christ is the only one that can give a worthwhile answer to life's questions. He aided the greatness of yesterday and is alive to do the same today. Indeed, He solves problems beyond the created man's thought in time
