**Robert Golding, William Golding**

**Lord of the Flies** William Golding, 1984-10-01 Plot synopsis of this classic is made meaningful with analysis and quotes by noted literary critics, summaries of the work's main themes and characters, a sketch of the author's life and times, a bibliography, suggested test questions, and ideas for essays and term papers.

**Quicklet on Lord of the Flies by William Golding** Natacha Pavlov, 2011-12-14 ABOUT THE BOOK What do you think of when you picture a group of 6 to 12-year old boys? How do you imagine their behaviors to be, and how do they interact with each other? Perhaps like most people, you may envision harmless, tame, typical playful and somewhat innocent boys, just content to play and be around each other instead of the bossy, rule-establishing grown ups. However, you may be surprised to find quite a drastically different group of young boys in William Golding's *Lord of the Flies*, making the novel a successful, "if not also controversial" work of art. *Lord of the Flies*, William Golding's first novel, was published in 1954. (www.nobelprize.org) Written in 12 chapters and in third-person narrative, it recounts the events surrounding a group of young English boys on a deserted island during World War II. Golding's own war experience comes through in the novel as themes of the human condition, good and evil, government, and innocence stand out in rather explicit ways. Indeed the concept of original sin comes into play as the boys gradually lose their innocence and generally give into chaos and madness. MEET THE AUTHOR A current San Francisco Bay Area resident, Natacha Pavlov has been an avid reader and writer since her early years spent growing up in Brussels, Belgium. She earned her B.A. in Comparative World Literature from San Francisco State University and constantly flirts with the notion of earning her Master's/PhD someday. She has French-English non-profit translation experience and looks forward to increasing her writing through various platforms in the near future. Although the list keeps growing, she has interest in reading and writing about classics, mythology (of any/all traditions), horror/gothic fiction, 18th and 19th century French novels, Middle Eastern history and politics (particularly Palestine-Israel) and early Christianity. Fueled by her culturally diverse heritage, her educational and personal interests have led her to engage in extensive travel and to live in places such as Paris, France and Jerusalem, Israel. Amidst all, pens, papers and books have always proven loyal companions. And she won't lie, chocolate has always helped too! She strives to keep exploring the world through books as well as further travel experiences that will ensure continued growth. You can read about some of her experiences in Jerusalem at [www.aneasterinjerusalem.blogspot.com](http://www.aneasterinjerusalem.blogspot.com).

*Science Fiction: A Critical Guide* Patrick Parrinder, 2021-05-18 This book, first published in 1979, presents a portrait of science fiction as a distinct form of serious and creative literature. Contributors are drawn from Britain, America and Europe, and range from well-known academic critics to young novelists. The essays establish the common properties of science fiction writing, and assess the history and significance of a field in which critical judgements have often been unreliable. The material ranges from the earliest imaginative journeys to the moon, to later developments of British, American and European science fiction.

*The Pocket Guide to Classic Books* Kieran Hughes, 2010-06-19 Everything you need to know about classic literature in one handy guide by lecturer Maureen Hughes. Its size makes it the perfect stocking filler for the Christmas market or at anytime of the year for those wanting more information about what they're reading or studying in a handy, pocket-sized guide.

**British and Irish Literature and Its Times** Joyce Moss, 2001 Examines the relationship between the political/social climate during which books were written and the works themselves. This volume focuses on major fiction, poetry and nonfiction from Great Britain and Ireland, from the Victorian Era to the present.

*Seven Contemporary Authors* Thomas B. Whitbread, 2014-09-10 These seven critical essays, each on a twentieth-century novelist, are disparate in content, but all are concerned with the problem of evil and inhumanity and with the paradoxes of human existence. Each essay discusses a different author, but this independence of subject is resolved into a central theme through the interpretive approach followed by the seven critics. Each of the contributors presents his subject against the background of the current disillusionment and frustration of our age. Underlying each essay are undertones of the absurdity of life today for those who consider it thoughtfully, and the contrast between what men would like reality to be and what they actually find. This unity of theme—the problem of evil, of inhumanity, of meaninglessness, the concern for the human being and his future—is developed in an interesting manner. It was exploited in different ways by the seven modern novelists discussed in the essays, and it is presented with different analytical techniques by the seven critics. Yet the reader senses the unity of feeling and purpose amid the diversity of fictional content and critical evaluation. Besides the interpretive
