Coming to Life Sarah Dakhili, 2022-04-18 Coming to Life is a spiritually therapeutic book, aimed to inject awareness and consciousness into what we are doing and how we are choosing to live our lives. Mental health issues continue to rise in our world and our psychological theories and approaches continue to increase with them. Yet, few mention the importance of a spiritual practice within recovery; recovering the connection with Self. On a global scale, we are at a time where more and more people are experiencing a strong polarity between creating and living with fear, versus creating and living with love. Sarah discusses how this dichotomy (and at times, dance) presented itself in her own life, repeatedly in the shape of self-destructive patterns and behaviours followed by leaps of faith and growth.

Sparrow Patricia Ethridge Harrell, 2019-09-13 Captivating, awe-inspiring, extraordinary life stories—Sparrow: Knowing God’s Love During Every Moment brings to life persons who have made legendary and extraordinary history with amazing faith and fortitude while advancing Christian values and principles. The author uses daily events, art, literature, space science, history, and Bible stories to show that God is near to care for and love those who believe in him. Readers are able to apply God’s eternal love for them in the personal reflection “Today and Now.” Using the King James Version of the Bible, readers are exposed to important, fascinating, and notable Bible figures. This is a beautifully written book that illustrates

God's love and highlights the fact that nothing is hidden from him. As the Sparrow is a metaphor for God's love, neither the tiny songbird nor man can fall to the ground without God's knowledge. This wondrous book celebrates the world created by God and his omnipresent involvement in the lives of those who love him regardless of time, place, or event.

Golden Asa Soltan,2017-05-09 Persian Pop Priestess and Spiritual Gangsta Asa Soltan shares seven sacred rituals on beauty, love, career, family, and friendships—providing you with the tools to find confidence, empowerment, and channel your inner priestess. Asa was eight years old when her family fled their war-torn country of Iran to seek refuge in Germany. To say she experienced culture shock after arriving is an understatement. She had never seen anyone that looked and acted so different from her, and she didn't speak a word of German or English. She felt completely cast off from her land, her culture, and her people. Feeling a need to connect to her culture and herself, she created rituals that she practiced every day. At first they were a simple way to create a sacred space for herself so she could look within and remember who she really was. But when she became a refugee for the second time moving from Germany to Los Angeles, those rituals kept her deeply connected to her Inner Priestess—the authentic version of herself that existed without ego, baggage, or attachments to material things. In *Golden Asa* she shares how you can connect to your Inner Priestess with seven rituals she's developed throughout her life—rituals that will help you clean out your body, your environment, and your emotional life so you can live

without negativity and fear. Within each chapter are fun, lighthearted tips based on Asa's own personal journey to find peace and acceptance, as well as stories and photos from her childhood to illustrate the impact these rituals can have. Whether you choose to focus on one ritual separately or all of them at once, Golden can guide you to a state of glamorous, gorgeous mindfulness and a chance to live the life of your dreams.

The Art of Doing Jesse Lipscombe,2025-01-07 From the wildly popular speaker, how to embrace a life of curiosity, action and adventure while still mastering your to-do list In 2007, Jesse Lipscombe was training for the Beijing Olympics. An internationally top-ranked high jumper, his dreams of making the podium were shattered when he had a mini-stroke just five months before the Olympics. Jesse's stroke was a turning point in his life and changed his entire outlook. Rather than a singular focus on achieving a goal like an Olympic medal, he began to focus on the "doing" – and a world of opportunity, wonder and happiness unfolded for him. Lipscombe uses lessons from his life as an actor, speaker, writer, entrepreneur, pro-athlete and singer to craft a simple template that anyone can use to ensure they get out of the blocks and continue the momentum towards their dreams and goals. Lipscombe outlines tactics and strategies from passion, pursuit and productivity including how to win through losing, the macro to the micro planning strategy, and how to only do what you love or find a way to love what you do. Sensible, practical and inspiring, The Art of Doing will help you do any and everything you hope for.

The Adrenal Thyroid Revolution Aviva Romm, M.D.,2017-01-31 A Yale-trained, board-certified family physician with a specialty in women's health and obstetrics delivers a proven 28-day program to heal the overwhelmed, overloaded systems,

and prevent and reverse the myriad of symptoms affecting the vast majority of women today. Weight gain, fatigue, brain fog, hormonal imbalances, and autoimmune conditions—for years, health practitioners have commonly viewed each as individual health problems resulting from a patient’s genetic bad luck, poor lifestyle choices, or lack of willpower. Patients, too, have turned to different doctors to alleviate their specific symptoms: an endocrinologist for a thyroid problem; a gynecologist for hormonal issues; an internist for weight, diabetes, and high blood pressure; a rheumatologist for joint problems, and even to therapists or psychologists. While these ailments may seem unrelated, Dr. Aviva Romm contends that they are intrinsically connected by what she calls Survival Overdrive Syndrome, a condition that occurs when the body becomes overloaded. SOS can result from childhood survival patterns or adult life stressors that are compounded by foods we eat, toxins in our environment, viral infections, lack of sleep, disrupted gut microflora, and even prescribed medications. Two of the systems most affected are the adrenal system and the thyroid, which control mood, hormones, inflammation, immunity, energy, weight, will power, blood sugar balance, cholesterol, sleep, and a host of other bodily functions. When these systems become overwhelmed they lead to symptoms that can develop into full blow illnesses, including diabetes, hypertension, osteoporosis, and heart disease—all of which have medically provable origins in SOS. The Adrenal Thyroid Revolution explains SOS, how it impacts our bodies and can lead to illness, and most importantly, offers a drug-free cure developed through Dr. Romm’s research and clinical work with tens of thousands of patients. In as little as two weeks, you can lose excess weight, discover increased energy, improve sleep, and feel better. With The Adrenal Thyroid Revolution, you can rescue your metabolism, hormones, mind and mood—and achieve long-lasting health.

Maya Angelou Terrasita A. Cuffie,1999 Discusses the life and work of the well-known writer, entertainer, and political activist, Maya Angelou.

Quotes by Maya Angelou Lilith Regan,2020-04-08 I've learned that people will forget what you said, people will forget what you did, but people will never forget how you made them feel.If you don't like something, change it. If you can't change it, change your attitude.There is no greater agony than bearing an untold story inside you.My mission in life is not merely to survive, but to thrive; and to do so with some passion, some compassion, some humor, and some style.Prejudice is a burden that confuses the past, threatens the future and renders the present inaccessible.Nothing will work unless you do.Love recognizes no barriers. It jumps hurdles, leaps fences, penetrates walls to arrive at its destination full of hope.I know why the caged bird sings.We delight in the beauty of the butterfly, but rarely admit the changes it has gone through to achieve that beauty.You may write me down in history with your bitter, twisted lines. You may trod me in the very dirt, but still, like dust, I'll rise.

Clawson,2023-12-05 *Brave Together* is a powerful book that can transform the lives of leaders, creators, or anyone looking to shape the future. It comes from the thought leaders who helped Apple shift the culture from “thinking different” to “working different together.” “Groundbreaking. Get ready to be inspired and join the co-creation movement.”—Marshall Goldsmith, Thinkers50 #1 Executive Coach and New York Times bestselling author of *The Earned Life* “*Brave Together* is an exhilarating exploration of genuine collaboration, where every voice matters and every idea is a potential catalyst for transformation.”—Daniel H. Pink, #1 New York Times bestselling author of *Drive*, *To Sell is Human*, and *The Power of Regret* How did Apple overcome a culture of secrecy? How did Pixar out-innovate Disney? Why do companies kill creativity? Does Shark Tank teach us something about the way we pursue success that isn’t true? We’ve been told that working harder and smarter is the only way to succeed in business and life. But it’s not true. Hustle culture is causing burnout and pain in our lives, making us feel divided. What if instead we focused on working creatively with others? And asked How can we shape cultures people love? There is hope in co-creation. *Brave Together* is a deep exploration into how we can live and lead as co-creators, filled with unexpected stories, powerful principles, and a future-oriented framework. The authors have pressure-tested this work with startups and Fortune 500s—including Apple. Coaching leaders how to reimagine their approach to culture, converting creative ideas into billion-dollar solutions with the help of these patterns: The Mirror Test: Take ownership of your reality and your creative identity. The Hero’s Sacrifice: Break free of ego to connect with others in inspiring ways. Become the Future: Create a synthesis, manifesting the best in mind, heart, and spirit. Chris Deaver and Ian Clawson have written a handbook that challenges the status quo approach to leadership, work, and culture. It offers the path to a bright future that isn’t self-made but shared.
