Kurt Finsterbusch

NOT "Just Friends" Shirley Glass, 2007-11-01 One of the world's leading experts on infidelity provides a step-by-step guide through the process of marital infidelity—from suspicion and revelation to healing, and provides profound, practical guidance to prevent cheating and, if it happens, recover and heal from it. You're right to be cautious when you hear these words: "I'm telling you, we're just friends." Good people in good marriages are having affairs. The workplace and the internet have become fertile breeding grounds for "friendships" that can slowly and insidiously turn into love affairs. Yet you can protect your relationship from emotional or sexual betrayal by recognizing the red flags that mark the stages of slipping into an improper, dangerous intimacy that can threaten your marriage.

Not "just Friends" Shirley P. Glass, Jean Coppock Staeheli, 2003 Accompanied by case stories, a thought-provoking and compassionate guide documents the entire cycle of an affair, offering a step-by-step approach to healing and protecting monogamy after betrayal, as well as providing a new model for preventing an affair, one that preserves both marriage and friendship.

Inspired by Vedic wisdom and modern science, he tackles the entire relationship cycle, from first dates to moving in together to breaking up and starting over. And he shows us how to avoid falling for false promises and unfulfilling partners--

Singled Out Bella DePaulo, Ph.D., Bella M. DePaulo, 2007-10-30 A noted social psychologist exposes a widespread cultural bias against unmarried adults, showing how singles are stereotyped, stigmatized, and ignored, and yet can still live happily ever after.

Summary of Shirley P. Glass & Jean Coppock Staeheli's Not "Just Friends" Everest Media,2022-03-08T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 Emotional infidelity is a growing problem in marriages. It occurs when a partner crosses the emotional boundary of intimacy with a friend, and the partner's partner is not present for the consequences. #2 When you're about to cross the line that separates the richness of friendship from the dangers of something much more intense and destructive, the most obvious red flag is that feeling of attraction that warns you to pull back. #3 The factors that allow some people to resist the temptation of attraction are vulnerability, commitment, and values. You have to meet someone who attracts you when you have the opportunity and the inclination to pursue it. #4 It is not uncommon for a concerned partner to be the first to notice that someone else is trying to slip through the marital wall. Irrational jealousy is not the same as rational jealousy, and normal interactions between spouses seem to be strategic moves in the game of seduction.

The Art of Marriage Maintenance Sylvia R. Karasu, T. Byram Karasu, 2005-06-09 Given the fact that 50% of marriages end in divorce, you would think marriage wouldn't be so popular, but getting married is one of the most popular of all life events. In fact, many new couples are willing to face considerable debt for the wedding ceremony alone! It seems that many people spend more time on planning the wedding than on thinking about marriage and what it entails. *The Art of Marriage Maintenance* is about marital life after the wedding. It is about psychological and biological difficulties between men and women that make marriage so challenging. It is about why passion is in danger of fading within marriage, how hormones exacerbate behavior, and how the brain confounds us. It is about how pregnancy and having young children and adolescents often catapult a marriage to its breaking point and how the stresses of mid-life contribute to marital discord. It is, in effect, how to ensure a happy enduring marriage. It is the art of marriage maintenance.
