

Quotes For The Sick And Healing

Albert B. Simpson

Oxford Dictionary of Medical Quotations Peter McDonald, 2004 The Oxford Dictionary of Medical Quotations presents a wonderfully entertaining and eclectic range of quotations covering all aspects of medicine through the ages. It couples profound statements from famous scientists with witty one-liners from the likes of Woody Allen and Spike Milligan. Packed with hundreds of quotations, it is a book that anyone in the medical profession, or with an interest in health, will find an invaluable source of reference and considerable entertainment. A few examples: I'm not afraid to die. I just don't want to be there when it happens. - Woody Allen The only cure for sea-sickness is to sit on the shady side of an old brick church in the country. - English sailors' proverb The nurse should never neglect to attend to the patient's bodily hygiene on the pretext that such measures do little good and are not urgent. - Florence Nightingale

The Errors of Mind Healing Reinhold Willman, 1909

Biblical Quotations for All Occasions J. Stephen Lang, 1999 The Bible's Most Memorable Sayings at Your Fingertips Priceless Biblical quotations have enriched speeches and prose throughout the ages. No other work has produced such a wealth of wise, one-of-a-kind phrases. Now you can have all the Bible's most unforgettable passages in one handy reference guide organized by more than 100 different topics. Inside you'll find the perfect quote for such timeless subjects as: -Success -Happiness -Money -Sexuality -Friends -Choices -Marriage -Children -Work -Retirement -Self-esteem -Healing -Conflict -Freedom -Ambition -And many more! With a special occasion section for birthdays, weddings, graduations, and more, Biblical Quotations for All Occasions is an essential tool for speakers, writers, and anyone seeking to add power and depth to their spoken and written presentations.

True Latter-Day Saints' Herald, 1910 The family magazine of the Reorganized Church of Jesus Christ of Latter-Day Saints.

Healing in the Early Church Andrew Daunton-Fear, 2009-07-01 This monograph presents the most comprehensive investigation yet made into the healing activity of the Early Church. In contrast to early skeptics like B. B. Warfield, the author is convinced there was a vigorous healing ministry in the centuries that followed the apostles, though it fluctuated

somewhat and changed its mode. Exorcism is prominently attested throughout the period. The pre-Nicene Fathers recognized its great apologetic value as a dramatic demonstration of the superiority of Jesus Christ over pagan gods. Interest in healing miracles per se appears to have been particularly characteristic of the less educated members of the Church and those who were chaste in their devotion to the cause of Christ. Amongst these groups gifts of healing were found, becoming rare it seems by the mid-third century, but well attested again later in monastic circles. In the pre-Nicene period anointing with oil (in the name of Christ) was clearly an avenue of healing and, though mentioned comparatively rarely, may have been widespread as part of the regular ministry of local clergy to the sick. Baptismal healing, physical as well as spiritual, also took place. In the post-Nicene Church the shrines of the martyrs became a prominent locus of healing. Devotion to this cult may have been encouraged by Church Fathers as an acceptable alternative to magical practices. But evidence suggests syncretism did occur and martyr's relics could be invested with quasi-magical awe. Most Fathers were positive about the medical profession, seeing it as an avenue of God's work, and in the late fourth century one pioneered the hospital which then spread throughout the eastern Mediterranean. In an appendix to his work, the author sets down nine pointers from the healing activity of the Early Church, and his own experience, to assist those engaged in the healing ministry today.

Judaism, Medicine, and Healing Ronald H. Isaacs, 1998-06 To find more information on Rowman & Littlefield titles, please visit us at www.rowmanlittlefield.com.

Psychology and the Church Walter Robert Matthews, Leonard Foster Brown, Laurence William Grensted, James Arthur Hadfield, Herbert Maurice Relton, 1925

Can a Health Care Market Be Moral? Mary J. McDonough, 2007-06-08 Since the 1970s health care costs in the United States have doubled, insurance premiums have far outpaced inflation, and the numbers of the uninsured and underinsured are increasing at an alarming rate. At the same time the public expects better health care and access to the latest treatment technologies. Governments, desperate to contain ballooning costs, often see a market-based approach to health care as the solution; critics of market systems argue that government regulation is necessary to secure accessible care for all. The Catholic Church generally questions the market's ability to satisfy the many human needs intrinsic to any care delivery system yet, although the Church views health care as a basic human right, it has yet to offer strategies for how such a right can be guaranteed. Mary J. McDonough, a former Legal Aid lawyer for medical cases, understands the advantages and disadvantages of market-based care and offers insight and solutions in *Can a Health Care Market Be Moral?* Drawing on Catholic social teachings from St. Augustine to Pope John Paul II, McDonough reviews health system successes and failures from around the world and assesses market approaches to health care as proposed by leading economists such as Milton Friedman, Regina Herzlinger, Mark Pauly, and Alain Enthoven. Balancing aspects of these proposals with Daniel Callahan's value-dimension approach, McDonough offers a Catholic vision of health care in the United States that allows for some

market mechanisms while promoting justice and concern for the least advantaged.

The gospel of healing Albert Benjamin Simpson,1885

Prose Quotations from Socrates to Macaulay Samuel Austin Allibone,1880

Health and Healing John Wilkinson,1980

District Reports Containing Cases Decided in the Various Judicial Districts of the State of Pennsylvania Pennsylvania. Courts,1902

The Gospel of John in the Sixteenth Century Craig S. Farmer,1997-04-10 This study of Johannine exegesis in the sixteenth century covers nearly every important commentator on John from the first half of the century, and examines the medieval and patristic traditions on which they drew. But while comprehensive in its scope, this book centers on the John commentary of Wolfgang Musculus (1497- 1563), an influential leader of the Protestant Reformation in the cities of Augsburg and Bern. As a theologian and biblical scholar, he authored a large number of theological and exegetical works which remained popular well into the seventeenth century. Despite his influence, however, Musculus has been virtually ignored by modern scholarship on the Reformation.
