Quotes by Anaïs Nin Lilith Regan, 2020-03-19 And the day came when the risk to remain tight in a bud was more painful than the risk it took to blossom. We don't see things as they are, we see them as we are. Life shrinks or expands in proportion to one's courage. We write to taste life twice, in the moment and in retrospect. Each friend represents a world in us, a world possibly not born until they arrive, and it is only by this meeting that a new world is born. Do not seek the because - in love there is no because, no reason, no explanation, no solutions. We travel, some of us forever, to seek other states, other lives, other souls. The role of a writer is not to say what we all can say, but what we are unable to say. You cannot save people, you can only love them. People living deeply have no fear of death.

Quotes by Anaïs Nin Lilith Regan, 2020-04-16 Life shrinks or expands in proportion to one's courage. We write to taste life twice, in the moment and in retrospect. The role of a writer is not to say what we all can say, but what we are unable to say. How wrong it is for a woman to expect the man to build the world she wants, rather than to create it herself. People living deeply have no fear of death.

Deliberately Simple Life Quotes Dr. Stephen Zemanek, 2013-06-19 Life can become complex and challenging for all of us. If we are not consciously working towards expanding our thinking we will slide into a tiny life with few options. One of the best ways we can expand our view on life is by considering the thoughts of others. At times the thoughts of others will be proven wrong. At times the thoughts of others will prove themselves to be exceedingly insightful. Regardless of the conclusion we reach about another's view our lives become bigger simply by the act of considering them. Thoughts, ideas, concepts, and humor develop us into the person we are becoming. A world without keen or witty thoughts is drab and empty. This book is designed to take you through each day of the year with a new thought to consider. Some of these thoughts you

will love and others you will disagree with. However, as you read through this book you will discover new ideas to consider each day.

Loving Against the Odds Elizabeth Russell,2006 The essays collected in this volume include a selection of those presented at a conference in the Universitat Rovira i Virgili, Tarragona, Spain, in 2002. They highlight the existence of a European network of women's writing which became a valuable source of consciousness-raising, not only for European women writers, but also for their readers. The main theme running through the essays is love: women loving against the odds and transcending all kinds of obstacles. Does love speak a common language or is it inevitably linked to social mores and individual experience? Does desire work in the same way? Do love and desire have the power to subvert dichotomous thinking and motivate real change? The texts studied in this volume are both fictional and factual, from plays and novels to diaries, letters and drama performances. The countries the essays travel through, and the languages they encounter, all contribute to forming a magic web of connections, solidarities and ideas that truly cross boundaries.
