The salt-cellars: a collection of proverbs, with homely notes thereon Charles Haddon Spurgeon, 1889

"Proverbs Speak Louder Than Words" Wolfgang Mieder, 2008 The ten chapters of «Proverbs Speak Louder Than Words» present a composite picture of the richness of proverbs as significant expressions of folk wisdom as is manifest from their appearance in art, culture, folklore, history, literature, and the mass media. The first chapter surveys the multifaceted aspects of paremiology (the study of proverbs), with the second chapter illustrating the paremiological work by the American folklorist Alan Dundes. The next two chapters look at the effective role that proverbs play in the mass media, where they are cited in their traditional wording or as innovative anti-proverbs. The fifth chapter discusses proverbs as expressions of the worldview of New England. This is followed by two chapters on the proverbial prowess of American presidents, to wit the proverbial style in the correspondence between John and Abigail Adams and a discussion of Abraham Lincoln's apocryphal proverb «Don't swap horses in the middle of the stream.» The eighth chapter traces the tradition of proverb iconography from medieval woodcuts to Pieter Bruegel the Elder and on to modern caricatures, cartoons, and comic strips. The last two chapters deal with the origin and history of the proverbial expression «to tilt at windmills» as an allusion to Cervantes' Don

Quixote and the many proverbial utterances in Mozart's letters. The book draws attention to the fact that proverbs as metaphorical signs continue to play an important role in oral and written communication. Proverbs as so-called *monumenta humana* are omnipresent in all facets of life, and while they are neither sacrosanct nor saccharine, they usually offer much common sense or wisdom based on recurrent experiences and observations.

Zen Buddhist Rhetoric in China, Korea, and Japan, 2011-11-25 One of the key factors for the success of the Chán/Sŏn/Zen schools in East Asia was the creativity of their adherents concerning the development of innovative literary genres and the skillful application of linguistic and rhetorical devices in their textual products. From the very beginning, Zen Buddhists used literature in order to attract the attention and support of influential lay Buddhists, such as literati, officials, and members of the aristocracy. Consequently, Zen Buddhist texts had a deep and lasting impact on the development of East Asian languages, literary genres, and rhetorical devices, and more generally, on East Asian culture. In this volume, leading specialists in East Asian Buddhism and linguistics analyze the interplay of language and doctrine/ideology in Chinese Chán, Korean Sŏn, and Japanese Zen, as well as tracing developments triggered by changes in the respective sociopolitical and socio-religious contexts. As a special focus, Zen rhetoric will be related to pre-Chán Buddhist literary developments in India and China, in order to trace continuities and changes in the application of rhetorical strategies in the overall framework of Buddhist literary production. Through this diachronic and comparative approach, the great complexity and the multifaceted features of Chán/Sŏn/Zen literature is revealed.

Proverbs Paul Koptak, 2014-11-04 The NIV Application Commentary helps you communicate and apply biblical text effectively in today's context. To bring the ancient messages of the Bible into today's world, each passage is treated in three sections: Original Meaning. Concise exegesis to help readers understand the original meaning of the biblical text in its historical, literary, and cultural context. Bridging Contexts. A bridge between the world of the Bible and the world of today, built by discerning what is timeless in the timely pages of the Bible. Contemporary Significance. This section identifies comparable situations to those faced in the Bible and explores relevant application of the biblical messages. The author alerts the readers of problems they may encounter when seeking to apply the passage and helps them think through the issues involved. This unique, award-winning commentary is the ideal resource for today's preachers, teachers, and serious students of the Bible, giving them the tools, ideas, and insights they need to communicate God's Word with the same powerful impact it had when it was first written.

Letters on John's Gospel Friedrich Rittelmeyer, 2022-11-18 'These Letters ... aim to make John's Gospel accessible to people today as their own gospel, both as a whole and in the details; to illuminate it with the spiritual knowledge of the age and to make it fruitful for life, not only for meditation but also for practical ordering of destiny.' - Friedrich Rittelmeyer A revitalized Johannine Christianity stands at the heart of the work of Christian renewal that was led by Rudolf Steiner in the

early twentieth century. Friedrich Rittelmeyer, a Lutheran minister and theologian who helped found The Christian Community in 1922, was a leading figure within this new Johannine movement. Rittelmeyer described John's Gospel as encapsulating '...an indescribable glory of revelation of love. This glory has such purity, delicacy and spiritual power that in it one has the material with which a marvellous new world may be built.' Without doubt his most powerful work, Rittelmeyer's Letters on John's Gospel first appeared in a series of publications by the Stuttgart seminary of The Christian Community between 1930 and 1932. Whilst these Letters were originally written with students and local congregations in mind, they provide manifold insights for anyone seeking to glimpse the majesty of John's Gospel. Margaret Mitchell's translation from 1937 has never before been published in book form. Revised here and expanded by editors Alan Stott and Neil Franklin, this volume features additional contributions by Rudolf Frieling and Emil Bock.
