

# Single String Guitar Songs

## John Henry Sheridan

Single String Songs Vol. 1 John Henry Sheridan, 2014-03-25 This book can best be described as a super simple songbook for beginners. It features 12 original catchy tunes designed to have both young and old learning, playing, and memorizing them before long. Learn your first song in 15 minutes or less. This book works best with the aid of additional resources found on the author's website such as: Lesson Videos and Play-Along Tracks for each of the 12 songs (in three speeds - slow, medium, fast).

Single String Halloween Songs John Sheridan, 2015-03-17 Single String Halloween Songs is a great way for the beginner and intermediate guitarist to get into the Halloween spirit while having fun with their instrument and learning new musical concepts! With 12 spine-tingling simple original songs written specifically with the beginner in mind, this book is an excellent companion to someone who has just recently begun their journey on the guitar. Single String Halloween Songs is an excellent follow up book for students who have already learned and mastered the songs in Single String Songs Vol. 1. Like in Single String Songs Vol. 1 each song is accompanied by an imaginative drawing. Light on text and explanations, big on fun and imagination. These songs can be learned quickly and with no lack of giggly enjoyment. Makes use of an easy to understand numbering system. No more laborious reading of notes. Jump right in and learn a song in 15 minutes! Really! In a complicated world with more than enough things to think about everyday, Single String Halloween Songs makes learning the guitar truly simple in a unique, fun and seasonal way! By focusing on just playing on one string at a time, you can be free to experiment and learn the nature of the guitar very naturally! Single String Halloween Songs aims to take the stress out of learning the guitar and make it what it should be - an enjoyable and intriguing process for people of any age!

*The Guitar and Its Music* James Tyler, Paul Sparks, 2002-08-29 More than twenty years ago James Tyler wrote a modest introduction to the history, repertory, and playing techniques of the four- and five-course guitar. Entitled *The Early Guitar: A History and Handbook* (OUP 1980), this work proved valuable and enlightening not only to performers and scholars of Renaissance and Baroque guitar and lute music but also to classical guitarists. This new book, written in collaboration with Paul Sparks (their previous book for OUP, *The Early Mandolin*, appeared in 1989), presents new ideas and research on the history and development of the guitar and its music from the Renaissance to the dawn of the Classical era. Tyler's systematic study of the two main guitar types found between about 1550 and 1750 focuses principally on what the sources of the music

(published and manuscript) and the writings of contemporary theorists reveal about the nature of the instruments and their roles in the music making of the period. The annotated lists of primary sources, previously published in *The Early Guitar* but now revised and expanded, constitute the most comprehensive bibliography of Baroque guitar music to date. His appendices of performance practice information should also prove indispensable to performers and scholars alike. Paul Sparks also breaks new ground, offering an extensive study of a period in the guitar's history--notably c.1759-c.1800--which the standard histories usually dismiss in a few short paragraphs. Far from being a dormant instrument at this time, the guitar is shown to have been central to music-making in France, Italy, the Iberian Peninsula, and South America. Sparks provides a wealth of information about players, composers, instruments, and surviving compositions from this neglected but important period, and he examines how the five-course guitar gradually gave way to the six-string instrument, a process that occurred in very different ways (and at different times) in France, Italy, Spain, Germany, and Britain.

**Lines** Bruce E. Arnold, 2001-04-01 Arnold's workbook contains sight reading and sight singing exercises for one to four voices. Learn part singing or use for multiple voice sight reading. Audio files of all exercises can be downloaded for free on the Internet.

Single String Exercise-Songs - Curious Creatures John Sheridan, 2017-08-06 Are you an advanced beginner or early intermediate level guitarist? Are you looking for a new, exciting and fun way to look at your guitar so that you see it with fresh eyes? Then Single String Exercise-Songs - Curious Creatures may be just what you're looking for. It offers a refreshing way for you to develop your musical knowledge while having fun exploring and exercising your fingers horizontally along the fretboard of your guitar. With 12 oddly curious and memorable original exercise-songs written specifically for your level, this book is an excellent companion to you who are looking to discover the next foundational level in your guitar development. Single String Exercise-Songs - Curious Creatures is an ideal follow up book for students who have already learned and mastered the songs in Single String Songs Vol. 1. These exercise-songs can be learned quickly and mastered with some effort and with no lack of silly strangeness along the way! Makes use of an easy to understand numbering system (known as Single String TAB). By focusing on just playing on one string at a time, you can be free to experiment and learn the horizontal nature of your guitar fretboard very naturally! This book is designed to allow you to enjoy letting your imagination guide you in your learning process. It is meant to inspire you to see the guitar in new and exciting ways. **BENEFITS:** Get ALL four fingers moving Challenge yourself in a fun way Learn advanced musical concepts Access jazzy & rockin' play-along tracks online Perfect for the super busy person Let your intuition & imagination guide you Works on ukulele too (using the E2 string) Gain exposure to MANY chords in the back of the book **WAYS OF APPROACH:** They can be played on ALL 6 STRINGS. They can be used as RAW MATERIAL TO INSPIRE THE CREATION OF NEW AND ORIGINAL EXERCISE-SONGS, RIFFS, and TUNES. They can be played SLOW, MEDIUM, and FAST, (or SUPER-FAST!). And if you need a deeper challenge, try them

BACKWARDS! RECOMMENDED ATTITUDE OF APPROACH: Be creative! Experiment! Let the book inspire YOUR creativity! Have a blast! Try to create your own entertaining music! THE SINGLE STRING SONGBOOKS PHILOSOPHY This book and all single string books have been created with a basic philosophy in mind: the most important thing about learning music is the personal growth of the student. Music helps us to grow. This book (and other single string books) helps us to open our minds to the sometimes-overlooked simple and natural powers of the guitar. So to get the most out of it any of these books ... please listen, learn, experiment, be patient, challenge new things, expand your vision, encourage yourself, exercise self-discipline, have fun and be playful!!! \*\*\* General Note to ALL Before Beginning Single String Exercise-Songs - Curious Creatures \*\*\* Please be aware that this is a book of exercise-songs (not simply songs for beauty's sake, there is also an exercise component as well) designed to expand the mind of the student of the guitar and to strengthen her ability to use all four fingers and play up and down the fretboard of the guitar. As a result, some of these pieces of music do not sound particularly pretty. While some exercise-songs are quite pleasant to the ear, some are not. The main goal of this book is demonstrating new techniques, developing finger independence, and learning how to enjoy the exploration of the guitar all while having fun and using your imagination. So please be patient and open-minded while becoming familiar with these exercise-songs. And most of all ENJOY the JOURNEY!!

**How to Play Guitar** Vivek Kumar ,2023-10-30 This book includes: 1.introduction,2.types of guitars,3.chord and anatomy,4.lesson for beginners,5.learning string notes,6.self composing with guitar pieces,7.tips of finger position,8.techniques of playing guitars,9.cultures of guitars

**Dan Zanes' House Party!** Dan Zanes,Claudia Eliaza,2018-12-11 In Dan Zanes' House Party!, the Grammy Award-winning children's artist presents a huge collection of folk songs along with inspiration to start your own family band. Too often, new parents eager to share their love of music with their young children feel their options are limited to cuddly singing dinosaurs and well-meaning humans whose understanding of children's music starts with "Kumbaya" and ends with "Puff the Magic Dragon." For many sane adults, these choices are more abrasive than the most aggro noise-rock of their college years. Dan Zanes has spent the past 20 years creating a truly compelling body of children's music that music-loving parents can also get behind. A former 1980s indie rocker, Zanes' 13 children's albums have gained wide praise for their authentic arrangements and preservation of America's folk traditions. In Dan Zanes' House Party!, the Grammy Award-winning Zanes has curated a rich selection of folk songs that comprise an essential musical cross-section of the American experience and its multicultural, immigrant underpinnings. The selections include the standard songs we all know and love, along with folk classics. Each song is accompanied by a brief narrative on its historical context, followed by lyrics, notation, and chords. Among the songs you'll learn to play: Erie Canal, Pay Me My Money Down, Titanic, Waltzing Matilda, The Farmer Is the One, Wabash Cannonball, Sloop John B., Old Joe Clark, Skip to My Lou, King Kong Kitchie, and We Shall Not Be Moved. Dan

Zanes' House Party! also includes informational sidebars throughout to give families the basics needed to pick up instruments and learn to more fully enjoy music as a family band. And in the back of the book, you'll find chord charts for guitar, ukele, and mandolin. More than just a collection of songs, Dan Zanes' House Party! is part music book, part history lesson, and a work that all families can enjoy—together.

**Sentimentals, nr. 1** Percy Grainger, 1914

*Catalog of Copyright Entries, Third Series*, 1966 The record of each copyright registration listed in the Catalog includes a description of the work copyrighted and data relating to the copyright claim (the name of the copyright claimant as given in the application for registration, the copyright date, the copyright registration number, etc.).

*All Music Guide to the Blues* Vladimir Bogdanov, Chris Woodstra, Stephen Thomas Erlewine, 2003-04 Reviews and rates the best recordings of 8,900 blues artists in all styles.

The Beatles from A to Zed Peter Asher, 2019-10-29 “At last, I finally understand the alphabet! I also love this book: secret Beatles knowledge from one of the closest insiders.” —Steve Martin Peter Asher met the Beatles in the spring of 1963, the start of a lifelong association with the band and its members. He had a front-row seat as they elevated pop music into an art form, and he was present at the creation of some of the most iconic music of our times. Asher is also a talented musician in his own right, with a great ear for what was new and fresh. He was asked by Paul McCartney to help start Apple Records; the first artist Asher discovered and signed up was a young American singer-songwriter named James Taylor. Before long he would be not only managing and producing Taylor but also working with Linda Ronstadt, Neil Diamond, Robin Williams, Joni Mitchell, and Cher, among others. The Beatles from A to Zed grows out of his popular radio program “From Me to You” on SiriusXM’s The Beatles Channel, where he shares memories and insights about the Fab Four and their music. Here he weaves his reflections into a whimsical alphabetical journey that focuses not only on songs whose titles start with each letter, but also on recurrent themes in the Beatles’ music, the instruments they played, the innovations they pioneered, the artists who influenced them, the key people in their lives, and the cultural events of the time. Few can match Peter Asher for his fresh and personal perspective on the Beatles. And no one is a more congenial and entertaining guide to their music.

*Independence* Bruce Arnold, 1997-07 This volume is an instruction book designed for pianists, stick and touchstyle guitarists, percussionists and anyone who wishes to develop the rhythmic independence of their hands, concentrating on quarter, eighth and sixteenth note rhythms and is a thesaurus of rhythmic patterns. All examples use one pitch, allowing the student to focus completely on time and rhythm. The exercises in this book gradually incorporate more and more complex

rhythmic patterns making it a useful tool for both the beginning and the advanced student. Audio examples for all exercises in the form of midi files can be downloaded from the internet.
