Guinness World Records 2018 Guinness World Records, 2017-08-29 The record-breaking records annual is back and packed with more incredible accomplishments, stunts, cutting-edge science and amazing sporting achievements than ever before. With more than 3,000 new and updated records and 1,000 eye-popping photos, it has thousands of new stats and facts and dazzling new features. There is so much to explore inside. Go on a whirlwind tour of the planet's most amazing places, from the largest swamps to the deepest points on Earth. Find out what happens when you give an octopus a Rubik's Cube, and why all you need to defend yourself from a crocodile is a rubber band! You'll also find all your favorite records and categories such as Big Stuff, Collections, Mass Participation and Fun with Food, plus the year's most significant sporting achievements. Our editors have also taken inspiration this year from the world of superheroes - both fictional and real-world - so look out for our feature chapter charting your favorite caped crusaders in comic books, TV shows and movies. We also meet the real-life record-breakers with genuine superpowers, such as the Canadian strongman vicar who can pull a jumbo jet and an actual cyborg who uses technology to augment his senses. You'll also learn all about the science of superheroes, such as who the fastest and strongest superheroes would be if they came to life, and who would win in a royal rumble between Superman, Batman, Hulk and Dr Strange! Also new this year is a celebration of the superlative with infographic poster pages that explore the most exciting absolutes, such as the longest, tallest, fastest and heaviest. Does the longest sofa outstretch the longest train? Is the tallest Easter egg bigger than the tallest snowman? Find out in this amazing new edition. You'll also find these special pages available as free poster downloads at guinnessworldrecords.com! From science to showbiz via stunts and sports, there are real-life heroes all around us in all shapes and sizes, achieving the extraordinary every day. Success Secrets of the World's Most Cynical Man Max Davis,K. Solomon,2007 Everyone knows who King Solomon is-though you won't have his identity confirmed until the last chapter of the book. He was the wisest man who ever lived; a politician without equal; wealthy enough to keep a thousand wives in style; revered for his judgments and insights on life. But do people really know Solomon? That he was a man who hit the depths of despair to a point that he despised everything about the world we live in, including his very life? It's true that the same man who declared that fear of God is the beginning of wisdom is the very man who concluded that life is pointless. In Success Secrets of the World's Most Cynical Man, readers will discover the story of King Solomon-in his own words and as found in the book of Ecclesiastes-that is rarely taught in Sunday School or preached from the pulpit, but that packs the powerful lessons of a man who lost his way in life but finally found the road home to God.

The Program Toni Natalie,Chet Hardin,2019-09-24 As seen in the HBO docuseries THE VOW: A jaw-dropping insider look into the world of the so-called Hollywood Sex Cult NXIVM chronicling the rise of enigmatic cult leader, Keith Raniere, from its Patient Zero, his former girlfriend and test subject for his coercive control techniques. Many have heard of NXIVM and its creator, Keith Raniere, the unassuming Albany man now prosecuted for ensnaring tens of thousands of people in the US, Mexico, Canada and elsewhere, to do his bidding and pay millions of dollars to participate in his self-improvement methodology. But where did Keith Raniere begin? Enter Toni Natalie, Keith's Patient Zero, the first one indoctrinated into Raniere's methodology and the first one to escape. THE PROGRAM begins with the origin story of NXIVM, follows its rise to international prominence, and takes the reader into the downfall of Raniere through Toni's eyes. During this time she bore witness to the evolution of his methodology, including his use of sex, blackmail, and employment of psychological tools such as neuro-linguistic programming to control and punish those who would not heed his wishes. She uniquely details the fortunes lost and the lives left in disarray that she witnessed contemporaneously, including members of DOS, a group of women coerced into sexual acts under the guise of a women's empowerment inner circle, whom Raniere exercised extreme control over directly and through his lieutenants. But far from being a victim's story, in the spirit of Erin Brockovich, Toni's is a nuanced narrative of a multi-dimensional woman saving herself, and then working tirelessly to help other women do the same for themselves. Today, Toni is happy, reunited with her son, and surrounded by friends and family--it is this perspective that makes her such a unique storyteller.

Watchmen as Literature Sara J. Van Ness,2014-11-29 Watchmen has been hailed as the quintessential graphic novel and has spawned a body of literary criticism since its 1986 initial appearance in installments. This work explores the graphic novel's reception in both popular and scholarly arenas and how the conceptual relationship between images and words affects the reading experience. Other topics include heroism as a stereotype, the hero's journey, the role of the narrator, and the way in which the graphic layout manipulates the reader's perception of time and space.
