Historical Thesaurus of the Oxford English Dictionary Christian Kay,2009-10-22 A 40-year project in the making, the Historical Thesaurus of the Oxford English Dictionary is the first historical thesaurus to include almost the entire vocabulary of English, from Old English to the present day. Conceived and compiled by the Department of English Language of the University of Glasgow, the Historical Thesaurus of the Oxford English Dictionary is a groundbreaking analysis of the historical inventory of English, allowing users to find words connected in meaning throughout the history of the language. The Historical Thesaurus of the Oxford English Dictionary is a unique resource for word-lovers of all types-linguists and language specialists, historians, literary commentators, among others-as well as being a fascinating resource for everyone with an interest in the English language and its historical development. It is a perfect complement to the OED itself, allowing the words in the OED to be cross-referenced and viewed in wholly new ways.
