**Robert BROWN (Minister of Markinch.)**

**The Shadow of the Gods** John Gwynne, 2021-05-04 From acclaimed fantasy author John Gwynne comes the first in the Bloodsworn trilogy, an epic of wild lands and wilder magic, where not all monsters fight with tooth and claw...and the treasures of the gods come at a price. This is the age of storm and murder. After the old gods warred and drove themselves to extinction, the cataclysm of their fall shattered the land of Vigrið. Now, power-hungry jarls carve out petty kingdoms, and monsters stalk the shadow-haunted woods and mountains. A world where the bones of the dead gods still hold great power, promising fame and fortune for those brave - or desperate - enough to seek them out. As whispers of war echo over the plains and across the fjords, fate follows the footsteps of three people: a huntress searching for her missing son, a jarl's daughter who has rejected privilege in pursuit of battle fame, and a thrall who has cast off his chains and now fights alongside the famed mercenaries known as the Bloodsworn. All three will shape the fate of the world, as it once more teeters on the edge of chaos. **In the Shadow of the Gods** Rachel Dunne, 2016-06-21 A breathtaking talent makes her debut with this first book in a dark epic fantasy trilogy, *The Bound Gods*, in which a mismatched band of mortals led by a violent, secretive man must stand against a pair of resentful gods to save their world. Part Patrick Rothfuss, part Joe Abercrombie, magic and warfare collide in this powerful struggle for a broken world. Eons ago, a pair of gods known as the Twins grew powerful in the world of Fiatera, until the Divine Mother and Almighty Father exiled them, binding them deep in the earth. But the price of keeping the fire lands safe is steep. To prevent these young gods from rising again, all twins in the land must be killed at birth, a safeguard that has worked until now. Trapped for centuries, the Twins are gathering their latent powers to break free and destroy the Parents for their tyranny—to set off a fight between two generations of gods for control of the world and the mortals who dwell in it. When the gods make war, only one side can be victorious. Joros, a mysterious and cunning priest, has devised a dangerous plan to win. Over eight years, he gathers a team of disparate fighters—Scal, a lost and damaged swordsman from the North; Vatri, a scarred priestess who claims to see the future in her fires; Anddyr, a drug-addled mage wandering between sanity and madness; and Rora and Aro, a pair of twins who have secretly survived beyond the reach of the law. These warriors must learn to stand together against the unfathomable power of vengeful gods, to stop them from tearing down the sun . . . and plunging their world into darkness.

**The Shadow God** Aaron Rayburn, 2005-06 Craig Johnson had two best friends, two caring parents, a hot girlfriend, and a nice truck—not bad for a twenty-year-old. A decent life, until he began hearing voices in his bedroom late at night. Then a bright blue light manifests from within his closet. And he is drawn to it, mystified by its beauty. He walks through the light . . . and into a world of darkness and emptiness, where he learns of a fabled Shadow God, an entity that wants him dead. Murders spring up in the neighborhood, and the local detective is quick to put the blame on Craig and his friends. Through Craig's sinister encounters with the Shadow God and his constant run in with the law, he discovers he is part of something great—a reincarnation maybe—that takes him back to the first murder of the world.

**The Hunger of the Gods** John Gwynne, 2022-04-12 Set in a Norse-inspired world, and packed with myth, magic, and vengeance, *The Hunger of the Gods* is the second novel in John Gwynne's New York Times bestselling Bloodsworn Saga. The story concludes in book three, *The Fury of the Gods*, available now! Visceral, heartbreaking, and unputdownable. – Jay Kristoff on *The Shadow of the Gods* **THE DEAD GODS ARE RISING.** Lik-Rifa, the dragon god of legend, has been freed from her eternal prison. Now she plots a new age of blood and conquest. As Orka continues the hunt for her missing son, the Bloodsworn sweep south in a desperate race to save one of their own—and Varg takes the first steps on the path of vengeance. Elvar has sworn to fulfill her blood oath and rescue a prisoner from the clutches of Lik-Rifa and her dragonborn followers, but first she must persuade the Battle-Grim to follow her. Yet even the might of the Bloodsworn and Battle-Grim cannot stand alone against a dragon god. Their only hope lies within the mad writings of a chained god. A book of forbidden magic with the power to raise the wolf god Ulfrir from the dead...and bring about a battle that will shake the foundations of the earth. The final book in the trilogy, *The Fury of the Gods*, is available now! **LOOK OUT FOR THE DELUXE LIMITED HARDCOVER EDITION OF THE HUNGER OF THE GODS**—featuring stenciled sprayed edges, a new introduction from the author, a foil stamped case, and custom endpapers. *Shadow Gods* Nakoa Rainfall, AI, 2025-02-26 *Shadow Gods* explores the intriguing world of dark deities and their significant influence on ancient religious traditions. It argues that understanding gods of death, chaos, and transgression is crucial for a complete picture of ancient belief systems. These figures, often representing humanity's deepest fears, reveal how ancient societies grappled with universal anxieties like death and the unknown. For example, deities like Hades and Anubis played key roles in funerary rites and conceptions of the afterlife, highlighting the psychological impact of mortality. The book examines various shadow gods across mythologies, drawing from ancient texts, archaeological findings, and scholarly research. It begins by introducing comparative mythology and historical contexts, then progresses through themes of death, chaos, and transgression. Deities such as Set and Loki are analyzed to uncover their roles in embodying societal fears and challenging social norms. This approach provides a more nuanced understanding of how ancient religions used these figures to address the darker aspects of human existence, offering a unique perspective for those interested in religion and history.

**The Sacrifice of God** John Moses,1992 Is there a world-view that Christian theology can put forward which can be regarded as authentic in our world? Is it possible to give to the cross a place of absolute primacy within such a scheme of things? John Moses offers a restatement of atonement theology which, standing in the mainstream of the Christian tradition, is concerned to explore the meaning of the cross in a world that has a profound sense of the interdependence of all things. Stephen Sykes, Bishop of Ely, writes in his Foreword to this book: `John Moses has done the church a considerable favour by daring to sketch the outline of what he calls a 'holistic theory' of atonement. Holistic thinking is not a big TOE (Theory of Everything), but a new horizon or framework, characterized by patterns of interdependence, elements of necessity and chance, the motif of life and death and life, and the promise of coherence. The book challenges the compartmentalized thinking which allows us to be scientific and modern with one part of our minds and ritualistic and medieval with another. It is a major strength of the presentation that sacrifice is made central to the theory. Thus both mainstream Christian doctrine and eucharistic spirituality are included within the horizons of the theory.'

**The Shadow of the Gods** Alyce Caswell,2022-11-20 Most beings live their entire lives in the shadow of the gods. Once you leave that shadow, there's no going back. Ami N'uni is a starship captain with too many pirates to chase and too many lives to save. She doesn't need complications. But she's a sucker for helping the haunted and Kieran Krendasta definitely qualifies. He's the least powerful agent the Galactic Law Enforcement Agency has to offer - so no one believes him when he says that he's a danger to everyone around him. Hoping she won't regret it, Ami invites Kieran to join her crew. His presence on her ship soon proves to be useful and distracting by equal measure. Her old enemies are beginning to surface - which wouldn't be so bad if Kieran hadn't brought new ones along with him. Ami's past might be stalking her, but something much

worse is stalking Kieran. Something she can't protect him from. No mortal is a match for a god.
